## Customer Reviews

No cookbook shelf is complete without this simple, timeless collection. -- Laura Zahn, Cookbook author, publisher, Down to Earth Publications

Betty Lessard, the "Pielady," spent 28 years in the kitchen of her restaurant, serving hundreds of thousands of customers and trying to ensure that every one of them left the establishment satisfied that they had enjoyed the best baked goods on earth. No retired, Betty lives on the shore of Lake Superior near the Stewart River, within sight of the new Betty's Pies restaurant. Her three schnauzers are active company on daily walks. Her large collection of rolling pins reminds her that she is, indeed, The Pielady.

Forget the calories, cholesterol and carbs. This cookbook is for people who LOVE A GOOD DESSERT. Everything in here is great. The reason? Fat and sugar! The recipes are loaded. And, are you sitting down? Betty recommends that your pie crusts be made with LARD. Yeah, that old four-letter word. This is the cookbook I pull out when I'm fixing dessert for company, folks who are too polite to ask if I used egg-substitute or non-transfat oils and who aren't afraid to ask for seconds.

Every pie, cake, cookie recipe delivers, and my guests go away happy. Save all those healthy things for everyday eating. For that once in a while smash hit dessert, you need Betty!

Being a native Minnesotan I have frequented Betty's Pies along the North Shore of Lake Superior since I can remember. The food is delicious but the deserts are AMAZING. I have so many fond memories with my family eating her pies. So when I found out that you could order and have pies shipped to your home I was thrilled, until I saw the final price. It turns out that Betty released a cook book with all her original recipes for a fraction of the price of shipping a pie to your home. You would be hard pressed to find a desert that isn't in the book. Even if you have no idea who or what Betty's Pies is, but love great deserts, you will want to pick up a copy of this book!

Thank goodness I found this darling book! Perfect recipes and I love the history of the store.

Finally, Betty's Pie recipes I can make while I'm deprived from those delicious treats I can only get in Two Harbors, MN. Traditional recipes with some of the best selling pie recipes included. A pie makers delight!

I was happy to find this book with the famous five layer chocolate pie recipe! Yum!

I bought this book because my daughter inlaw said it had the best recipe for french silk pie she has every tasted. Well, we made the pie and it was great but to sweet. So I re-did the french silk with 1/2 cup less sugar in the pie and it was better tasting then even bakers square. I haven't had a chance to try any other recipes yet. But if this recipe is anything close to the others this lady has, it will be the best book on the market. I am very happy with buying this cook book. You will be the talk of any party or family gathering if you make this french silk pie.

My sister in law always made the best pies so I finally asked her for a couple of her recipes. She pulled out her "Betty's Pies" cookbook and told me that was her secret! Love the recipes in this book!

loved this book its not just pies
