Think you know all about the man on the other side of the dinner table? Well, maybe. Let this little book be the judge. The fact is, no matter how long you've been together, there's probably plenty you don't know about the man in your life. If the two of you are like most couples, you probably talk more about the neighbors and the news than about yourselves. The result: an information gap. Counselors say that knowing about your partner's past and preferences can be important—even things like "Who was his best friend in grade school?" and "Does he hate squash?" Knowing, they say—even knowing such bits of trivia—is a sign of caring. Now, that's not to say that if you and he are

on the verge of a split, knowing his shoe size will save your relationship. But, as the lady said as she offered chicken soup to the dying man, "It couldn't hurt!" So grab a pencil and show what you know. The answers, of course, are not in the book; only he can say. So after you've completed the test, ask him to check your answers and figure your score. The test has 100 questions. Count ten points for each correct answer. Where you miss some of a multi-part question, divide and take partial credit; you'll need all the help you can get. Here's how to rate yourself: Above 900: Very impressive. In fact, downright amazing. 700-900: Pretty good, but you might want to work a little to polish off your knowledge. Start asking questions...and pay attention. Below 700: Weak. Ask him to give you a remedial course. Take the "Do You Know Your Husband?" test. You may find you have something to brag about, or you may be humbled. Either way, just by going over your answers together, you'll learn a little and have some fun as well. Good luck.-D.C. 1. For starters, will he take this test: \_\_\_\_\_ Eagerly? \_\_\_\_\_ Indifferently? \_\_\_\_\_ Kicking and screaming? 2. Does he have his tonsils? \_\_\_\_\_ Yes \_\_\_\_\_ No 3. What does he generally do with junk mail? \_\_\_\_\_ Throw it away without opening it \_\_\_\_\_ Skim it, just in case \_\_\_\_\_ Read it carefully no matter what 4. What's his boss's wife's first name? 5. If you died tomorrow, how soon would he want to get into another relationship? \_\_\_\_\_ Right away \_\_\_\_\_ In a while \_\_\_\_\_ Never

Fun book to send to a soldier while deployed to encourage conversations. This book has great simple questions on all sorts of topics to help you really get to know your spouse.

super fun books( the husband and wife books) just wish they were bigger..we finished them quickly..but a fun way to encourage each other and learn more about each other

Great conversation starters for Couples! it was very fun to do. We had to pace ourselves so we didnt do them all in 1 day.

Got this book to get ideas for a couples game. My husband and I had fun going over the questions and learning new things about one another.

so many questions but i get it just did not like some of the questions but it had us laughing at the responses he gave.

I bought both versions for an activity for a date night in. We had fun filling them out and sharing our

answers. It doesn't take that long, but we enjoyed it. Sure some of the questions are silly and if you have been together a long time you will probably know a lot of the answers. Overall though I still felt it was a fun way to connect. If you both are open or have a doughy romantic side you'll probably enjoy this.

Bought as fun gift for my newly married son and daughter-in-law. Fast shipping. Item just as described.

Well this made me think about all the things I didn't know about him. LOL It was interesting considering he was not the least bit into answering the questions.
