# Tied Up In You

## Synopsis

Everyone says hotshot goalie Luke Jackson is God's gift to girls, but the only girl he wants is his best friend, Malina Hall. He's always known how brilliant she is, but now that he's accidentally kissed her, he can't stop thinking about her...or wanting to kiss her again. Problem is, things have been a little...awkward since the kiss. Because she likes him, too? Hopefully, but even if she did, their futures and the ridiculous schedules that come with them are in the way. And now one of his teammates is showing interest, and the guy has more in common with Malina than Jackson ever will. As her best friend, Jackson should get out of the way. But if there's one thing he's learned from hockey, it's that you have to go for what you want, even if it means falling flat on your face. And he's definitely falling for Malina. Disclaimer: This book contains a hot hockey player who goes after what he wants, a super-hot, super-distracting shirtless workout, and the kind of best friends to lovers romance every girl in the friend zone has dreamed of.

## Customer Reviews

5 stars This is one of those books where I raced to the end to find out what happened (great ending, btw) and was then sad that it is over. But let's just say this book was amazing enough that I not only bought the other book in the series (about Luke Jackson's hockey teammate, Pierce) but also bought another book by Erin Fletcher. I love the idea of best friends falling in love. And I really enjoyed how much energy Malina and Jackson put into trying to pretend they were still just best friends. And the way they finally tell each other had me laughing out loud (and then quickly covering my mouth and hoping I didn't wake the little ones because it was, after all, 3am). Amazing story and yet another 5 star for Entangled publishers.

Such a cute story! Friends to more-than-friends stories are some of my favorites and this one is great. Cute storyline, quirky sweet characters, and just the right amount of YA angst. :)

A Sweet and innocent romance. It is a light, short read but with very likable characters and an adorable couple in Jackson and Malena.

TIED UP IN YOU is a sweet addition to Erin Fletcher's ALL LACED UP. The story moves quickly, making you stay up just a \*little bit longer\* for the joy of turning another page. A fun read.

Tied Up in You is a very cute friends-turned-lovers Crush romance. As a Crush book, it's relatively short and made to read in one sitting. The plot moves fast, but it's often perfect for a simple but sweet story like this one. Malina and Jackson have been BFFs for forever. Malina dreams of being an astrophysicist (but is on track to do the practical thing and go to school for business), while Jackson is moving towards his dream of playing hockey in the NHL. The book begins when he returns to town for a couple weeks in between traveling as part of the national development team for which he plays. Without much thought, he ends up kissing Malina- a kiss so good both of them are left questioning their current friendship boundaries. However, determined not to ruin the great friendship they have, they both try to stay apart. It all ends with a disastrous double date. The book flips back and forth between Malina and Jackson's viewpoints. They are really fun characters and have a really cute story- anyone who loves friends-becoming-more stories will delight in this fun book. The length is perfect and I wouldn't change it! I highly recommend this adorable book- it's a fantastic beachy read and out with perfect time for a delightful summer read. Please note that I received an ARC from the publisher through netgalley. All opinions are my own.

Tied Up In You was such a delightful treat! This book made me feel so warm and fuzzy inside. I was in the mood for a light and charming book, and this book fit the bill perfectly. I constantly had a smile on my face while reading this book, and it was an absolute joy to read! One thing I loved about this book was how prominent the side characters were in this book, especially families. I really enjoyed getting to see the main characters interact with their family and best friends. The author made it clear that strong female friendships are important and family is important. I personally LOVED that. I also loved how the author included some Hawaiian culture in this book. It was on the light side, but it was there and it was fabulous. There was some drama in this book, which I expected, but most of it felt very realistic. Sometimes drama in contemporaries can feel a bit like a soap opera, but I thought most of the drama in this book added to the plot and it didn't seem ridiculous. It was a little cliché at times, but it was always entertaining. Malina, the main female character, was such a wonderful character. Malina was a smart, determined, relatable, and funny character. I immediately liked her when her character was introduced. I liked how practical Malina was and how REAL she felt. Malina felt like someone I could be friends with in my actual life! I liked the growth Malina had in this book, and how her friends and loved ones made her realize she shouldn't be afraid to go after her dreams. I really enjoyed getting to know her and be in her head. I also loved her hilarious best friend, Izzy, and I adored their friendship. Jackson was the main male character and I adored him. Jackson seemed like it would have been a jerk with his past playboy tendencies, but he wasn't at all. Jackson was such a sweet and caring person. I really enjoyed his character development and how Malina helped him realize how much potential he had. Jackson was a boy who made me swoon so many times and I was loving it. The romance in this book gave me butterflies! It was SO STINKING CUTE. I am a sucker for romances that have the characters start as best friends, so it didn't surprise me that I thought this romance was precious. Jackson and Malina's relationship made me feel like I was eating cotton candy and it was wonderful. If you are looking for a light book with a cute romance, then I definitely would recommend checking out this book!
