This Is Namibia

Synopsis

Namibia is a country of surprising contrasts – big skies and far horizons, arid landscapes and verdant waterways, jagged mountains and geological wonders, barren soils and bountiful seas. Its reputation as one of the most inhospitable regions in the world belies its capacity to sustain an array of fascinating life forms – from the unique desert-adapted elephant and beetles to the delicate lichens that have evolved to survive in the planet's oldest desert, the Namib. Its people, too, have learnt to thrive in the harsh environment of this scorched wilderness. This is Namibia brings to life the history, natural splendours, magnificent wildlife and diverse cultures of this beautiful and enigmatic land. Through its stunning photographs, detailed introduction and informative captions, this book provides a compelling insight into one of the world's last true wilderness regions.

Customer Reviews

"This is Namibia" is a most awesome 144 page book! Very easy read, understandable descriptions and the pictures are great! It was easy to follow along during our 2-week stay in Namibia. I also saw this book for sale in English and other Languages at most every book stand. A fellow traveler

purchased it in a local craft mall in Windhoek. I did buy the 540 page "The Bradt Travel Guide" and left it at home on purpose. It may have been more helpful to me if I'd been traveling alone or with a few friends. We were with Gate 1 Tours so had our rooms/food/stops planned ahead. Yes, I'd buy this book again!

Beautiful book with an excellent introduction to Namibia. The travel photography is excellent, along with written descriptions of the country, people, history, towns, and deserts. It has us very excited about our upcoming visit. This was a great purchase, it will stay at home on the coffee table, as I don't want to bruise it on our travels.

Well written with accurate descriptions with well chosen attractions not to be missed.

Dated book. Quite old looking.

very good and informative

Good condition, no concerns, great book with lots of pictures. Great overview for our upcoming trip to Namibia next year

absolutely beautiful -- the country, the book

This is very expensive, buy the kindle version for 10-15 US dollars Find details under the book Title and the Authors names I think I reviewed the Kindle version
