Thanks

This is an interesting and easy textbook to read and follow. The chapters are laid out in a way that it builds on each area that you have already read, so it helps you understand and retain the information that you are learning. It includes real life examples within the text, which always help you relate the information.

The newest version of this book that I need for a class is \$130.00 and I got this book, one earlier edition, for \$7.82. So I'm a happy camper :) REMEMBER STUDENTS! ALWAYS ASK YOUR TEACHER/PROFESSOR IF YOU CAN USE AN EARLIER EDITION OF YOUR TEXTBOOK!!!

I am satisfied with the text book. It was in good condition as promised and a good price. The book was also delivered in a timely manner.

This book is an excellent example of education made relative. It was easy enough to read for the college level and gave enough detail for basic knowledge of anthropology.

Looks pretty good, too bad I'm half way through the semester and haven't needed to open it once. At least I got it for a good price.

Great book for a great price!

Well written. Heavy bias, but still some good content.
