# The Mayan Calendar And The Transformation Of Consciousness

## Synopsis

Reveals the Mayan calendar to be a spiritual device that describes the evolution of human consciousness from ancient times into the future

- Shows the connection between cosmic evolution and actual human history
- Provides a new science of time that explains why time not only seems to be speeding up in the modern world but is actually getting faster
- Explains how the end of the Mayan calendar is not the end of the world, but a path toward enlightenment

The prophetic Mayan calendar is not keyed to the movement of planetary bodies. Instead, it functions as a metaphysical map of the evolution of consciousness and records how spiritual time flows--providing a new science of time. The calendar is associated with nine creation cycles, which represent nine levels of consciousness or Underworlds on the Mayan cosmic pyramid. Through empirical research Calleman shows how this pyramidal structure of the development of consciousness can explain things as disparate as the common origin of world religions and the modern complaint that time seems to be moving faster. Time, in fact, is speeding up as we transition from the materialist Planetary Underworld of time that governs us today to a new and higher frequency of consciousness--the Galactic Underworld--in preparation for the final Universal level of conscious enlightenment. Calleman reveals how the Mayan calendar is a spiritual device that enables a greater understanding of the nature of conscious evolution throughout human history and the concrete steps we can take to align ourselves with this growth toward enlightenment.

## Book Information

Paperback: 320 pages

Publisher: Bear & Company; Original ed. edition (March 25, 2004)

Language: English

ISBN-10: 1591430283

ISBN-13: 978-1591430285

Product Dimensions: 6 x 0.8 x 9 inches

## Customer Reviews

"The more you read this book, the more impressive and meaningful Calleman's historical focus

becomes. . . . explains events that would seem otherwise random, and it gives certain coherence to the patterns of world history. . . . packed with an astounding level of research. . . . a totally new way of understanding our history and our possible future." (Robert Burns, New Dawn, Jan-Feb, 2005)". . . outstanding for both its quality of presentation and for the depth of its content." (Phil Jefferson, New Connexion, Mar-Apr, 2005)". . . the Mayan calendar is a map to understanding human consciousness and our place in the cosmos." (Mechell Mende, New Age Retailer, New Year, 2005)"Calleman offers a compelling view of world history, which is as a fractal component of the larger reality." (Chris Lorenz, Dell Magazines, September 2004)"Calleman's book is a treasure trove of history, myth, and insight into one of the most remarkable achievements in human history, the Mayan calendar. His proposal is that we moderns learn the intricacies of the calendar in order to evolve our consciousness by syncing with the planetary, galactic and universal 'high frequency evolutionary cycle.'" (Curtis McCosco, CirclesofLight.com, Feb 09) "Reading this book is a powerful and electrifying experience. Each page offers penetrating insights that unravel the deepest mysteries of human history and the evolution of global consciousness." (Michael E. Salla, Ph.D., Center for Global Peace)

MAYAN STUDIES / NEW AGE "Reading this book is a powerful and electrifying experience. Each page offers penetrating insights that unravel the deepest mysteries of human history and the evolution of global consciousness." --Michael E. Salla, Ph.D., Center for Global Peace The prophetic Mayan calendar is not keyed to the movement of planetary bodies. Instead, it functions as a metaphysical map of the evolution of consciousness and records how spiritual time flows, providing a new science of time. The calendar is associated with nine creation cycles, each of which represents one of nine levels of consciousness or Underworlds on the Mayan cosmic pyramid. Using empirical research, Carl Johan Calleman shows how this pyramidal structure of the development of consciousness can explain matters as disparate as the common origin of world religions and the modern complaint that time seems to be moving faster. Readers will learn that time is, in fact, speeding up as we transition from the materialistic Planetary Underworld that governs us today to a new and higher frequency of consciousness--the Galactic Underworld--in preparation for the final Universal level of conscious enlightenment. The Mayan Calendar and the Transformation of Consciousness reveals the Mayan calendar as a spiritual device that enables a greater understanding of the nature of conscious evolution throughout human history--and how it provides the concrete steps we can take to align ourselves with this growth toward enlightenment. CARL JOHAN CALLEMAN holds a Ph.D. in physical biology and has served as an expert on cancer

for the World Health Organization. He began his studies on the Mayan calendar in 1979 and now lectures throughout the world. He is also author of Solving the Greatest Mystery of Our Time: The Mayan Calendar. He lives in Sweden.

interesting topic, but to me it was a lot of speculation. If you're interested about the Mayans, do research online to find out more. I really like reading books, as I am very open minded and was drawn to learn more about the Mayans, but I couldn't even finish this book... Basically though after the year 2012 (our time) we're supposed to be reaching an age of enlightenment. our civilization is in a time where it could go either way. heaven or hell on earth. people will start to wake up to the issues around us, and starting to question the lies we've been told/ taught. If anyone wants this book though, if you pay for shipping I can send you this book for free

I liked the first part of the book because I have the Mayan Oracle Cards for doing personal readings. But the last half was his opinion and I don't agree with it.

With the background knowledge of a novice I sought out a book to extrapolate the core ideals of the Mayan calendar. This book did exactly that, and in a way that was not only non-threatening, but encouraging and inviting as well. I leave the book with a desire to spread its news and to seek more wisdom. Definitely one of my top reads and a book to keep close at heart.

Very much an eye opener

From start to finish the author dissects the Mayan calendar and history of events within this time frame. I could not put it down or stop talking about it to my friends. It's complex to grasp at first but overall the author is strong and clear in its message. I hope that makes sense for you all.

I had hoped this book would clarify things I had heard about, but the material was too cumbersome and difficult to get through for someone who didn't already know a lot about this topic.

the book is not an easy read in the sense that there's a lack of clarity due to format. In other words, when you write you should be very clear on your intentions and state it at the beginning then proceed to explain your points.

This book is filled with strange facts and difficult to read. There are some gems among the gravel but hard to unravel where the author is going at times. Some may enjoy it. Most won't
