 $\tilde{A}$ ¢ $\hat{a}$  ¬ $\hat{A}$ "Exhaustively researched and complemented by a stunning collection of photos, the real highlight of this book is Pete Dunne $\tilde{A}$ ¢ $\hat{a}$  ¬ $\hat{a}$ "¢s writing. He weaves together personal anecdotes, historical accounts, and technical information to create something greater than the sum of all of its parts: a beautiful, authoritative, and engagingly written guide to the natural history of North American hawks. $\tilde{A}$ ¢ $\hat{a}$  ¬ $\hat{A}$ • $\tilde{A}$ ¢ $\hat{a}$  ¬ $\hat{a}$ •David Sibley, author of The Sibley Guide to Birds  $\tilde{A}$ ¢ $\hat{a}$  ¬ $\hat{A}$ "Books about raptors used to fall into two major categories: field guides versus nature writing. No more! Pete Dunne $\tilde{A}$ ¢ $\hat{a}$  ¬ $\hat{a}$ "¢s new book skillfully conjoins those two genres. Like a good field guide, Birds of Prey is authoritative and utilitarian; and like our finest nature writing, Dunne $\tilde{A}$ ¢ $\hat{a}$  ¬ $\hat{a}$ "¢s prose is

He lives in Mauricetown, New Jersey. KEVIN KARLSON is an accomplished birder, tour leader, and wildlife photographer. Kevin is a coauthor of The Shorebird Guide and two other books.

I have personally known the author for many years from my visits to the Cape May Bird Observatory. He is an excellent author. In addition to my copy I also purchased on as a Christmas gift for my sister in law.

Pete's new book is awesome! His writing is wonderful and unique. I found myself flipping each page with a smile and more interest in these important predators. I am an experienced bird watcher and found this book to be very helpful in my understanding of not only the identification but the biology and habits of these predators. Birds of Prey is now an important member of my nature bookshelf! Well done, Pete!

A thoroughly enjoyable and informative read

its a beautiful book

The photographs are exceptionally fine and the text is beautifully written and is almost poetic. It is

lively, descriptive and practical. I loved the book.

Purchased for my Grandson who is 5, he loves it, and looks at it every day...

Anything by Pete Dunne is great, and oh those photos!

Love this book. Already identified a bird that frequents our backyard.
