## Customer Reviews

• A puzzling global phenomenon • The Economist • The biggest craze to hit The Times since the first crossword puzzle was published in 1935. • The Times of London • England's most addictive newspaper puzzle. • New York magazine • The latest craze in games • BBC News • Sudoku is dangerous stuff. Forget work and family • think papers hurled across the room and industrial-sized blobs of correction fluid. I love it! • The Times of London • Sudokus are to the first decade of the 21st century what Rubik's Cube was to the 1970s. • The Daily Telegraph • Britain has a new addiction. Hunched over newspapers on crowded subway trains, sneaking secret peeks in the office, a puzzle-crazy nation is trying to slot numbers into small checkerboard grids. • Associated Press • Forget crosswords. • The Christian Science Monitor

The first puzzle in this book in the Light and Easy section was very difficult. I solved the second one without too much trouble but had friends help do the first one. Not the best book to start out with. Also the sudoku in this book aren't symmetrical like I saw in my friend's Japanese published book. It was cheap and fit into my cargo pants pocket so I can't complain too much.
