Customer Reviews

I got the first book *The Concealed* last November for my kindle first choice. I loved it and have waited impatiently at times for the release of the sequel. And I wasn't dissatisfied. I loved it. I loved

visiting Avalon. Good triumphing over evil. I couldn't put it down till I read the last page. I love reading a book that makes me laugh, cry, angry, happy. All the emotions that makes a book so awesome and wonderful to read. I can't wait to see what she writes next and can't wait to read it.

I liked the first book in this series a lot more than this one. As others have commented, I found the characters to be a little one dimensional, and the end of the story was rushed. I found it odd that after almost 70% of the book had been written, the author decided to change character voices in order to better explain some of the back story. I feel confident that as the author continues to develop her writing skills, she will look back at this story and think of many things that she would have edited or written differently. I have certainly read books that are worse, and the book was still interesting enough that I wanted to find out what happened to the various characters.

A wonderful spin on an ancient tale. You are taken away on this journey of discovering who is who and the new paths they take. Well worth the read. Thoroughly enjoyed it.

Lost me several times, but enjoyed the read. Lots of imagery and dialogue, surprises along the way. Be sure to read the the first book FIRST

I loved it! I wanted more at the end of the book. It did not take long for me to get hooked on the characters again.

So many times I didn't want to put this book down, but for whatever reason, I had to. Picking it back up was the ultimate goal!! From start to finish, this book kept me on the edge of my seat. I couldn't wait to see what would happen next. No spoilers here, but just know, these characters will have you rooting for them, crying for them and wanting some of them to just freakin disappear already!

LOVED IT!!!

Books 2 has kept my interest did not want to put it down. Ready for ms. Fleck next books, soon

For some reason the first third of the book didn't click for me, but after that I couldn't put it down. This was an entertaining twist on Merlin and Nimue.
