VH1's 100 Greatest Songs Of Rock & Roll: Easy Guitar With Notes & Tab Edition

Synopsis

(Easy Guitar). VH1 sent ballots to over 700 musicians, songwriters, disc jockeys and radio programmers and asked them to vote on the 100 greatest songs of rock and roll. The results were shown in a much-publicized feature, and selections from that show are here in this awesome collection of the best and most influential rock songs of all time! Songs are arranged by their ranking with artists listed, and include: All Along the Watchtower * American Pie * Blowin' in the Wind * Born to Run * California Dreamin' * Fire and Rain * Good Vibrations * Hey Jude * Hotel California * I Heard It Through the Grapevine * Imagine * In the Midnight Hour * Jump * Layla * Light My Fire * Like a Rolling Stone * London Calling * Louie, Louie * Maggie May * My Generation * No Woman No Cry * Proud Mary * Respect * Roxanne * Smells like Teen Spirit * Stand by Me * Start Me Up * Tangled Up in Blue * Walk This Way * We Are the Champions * Wild Thing * Yesterday * and more.

Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I think the description is a little deceiving to label Easy Guitar. I've been practicing for 4

months and there are only a few songs I can almost completely play, but with some hesitation. My guess is that in 9 months to a Year I may be able to play a third, or more of the songs in this book, and yes I will still consider myself a beginner at that time. If you're just starting out you may want to wait at least 6 months before purchasing, just in case you abandon playing before that time. Another fault I feel is that many of the songs extend beyond two pages, and require flipping the page to the rest of the song. A fold out would have been nice for at least those songs that did not exceed 3 pages. Hard enough for a beginner to play, but flipping the page while playing for me impossible. On the positive note there are some nice songs in the book, and they all appear to be complete. As I develop my skill this will be a next step challenge from beginner approaching intermediate stage. There are better Hal Leonard song books out there for beginners with 5 months or less under their belt. I was hesitant to purchase based on the reviews I read, but as time goes on, and I continue to practice this song book will likely fit in.

I am trying to learn guitar along with my daughter and thought this would be helpful. I'm trying to learn to finger pick a few songs that we both know to keep us interested as just learning the chords is proving hard to keep these two beginners very motivated. There are a few songs with the tabs, but many are way over my head with different guitar tuning and capo placement. I think this is geared towards someone who is more advanced than we are.

Looks like a great guitar tab book but in the Kindle format you can not see the chords! Print too small. Kindle option is to amplify the font, which all that happens is to change the size of the title. The actual music remains so small you need a magnifying glass to read it. I have the Kindle App on my Surface Pro 2 but can not affect an increase in the magnification.

Nice book! I am Playing American Pie now...thanks. The book is more geared to us older folk I think,.

Great guitar book for a beginning guitar player! My son just started, and he's loving the tablature and a lot of the older songs. He's 14 and mostly into rap, so it's great to find songs that have decent lyrics that he enjoys!

Not exactly what I expected. Soundwise some of the songs aren't close to the original. There are a number of songs that it is apparent that the editor took some poetic license in redefining "easy." All in all, I rate the book as average in being easy and in song quality.

Great book for a newbie guitarist. It shows music, tabs, chords, strum patterns, and picking patterns. Good variety of songs. I borrowed this book from my library, then had to own it. It came in great condition even though it was pre-owned.

Love this song book, all music is written for melody, cords and tablature. Nice song selection for us oldies!
