101 Mojitos And Other Muddled Drinks

Synopsis

101 cool cocktails for warm-weather fun In the last few years, the mojito has become a staple cocktail at summertime parties and bars across the country. This simple mix of rum, fresh muddled mint leaves, and lime juice served over ice with a splash of soda is the perfect drink for cooling down on a hot, sunny day. *101 Mojitos and Other Muddled Drinks* provides expert guidance on mixing the perfect mojito, as well as 100 variations and other muddled drink recipes that focus on fresh ingredients and plenty of ripe fruit. In addition to mojitos, you'll find caipirinhas, caipiroskas, crushes, and margaritas as well. In fact, if you've got fresh fruit of any kind on hand, you'll probably find more than enough delicious and refreshing ways to use it. Includes 101 recipes illustrated with brilliant four-color photographs throughout Features recipes that emphasize fresh fruit and herbs and inventive tweaks on classic summer drinks With such drinks and variations as Blood Orange Mojito, Pomegranate Mandarin Mojito, Concorde Grape Sage Caipirinha, Watermelon Basil Lemonade, Blackberry Grappa Smash, and the classic Old Fashioned Whether you're hanging out in the backyard, lounging by the pool, or eating at an outdoor restaurant, the mojito and its muddled cousins make the perfect summer drinks.

Customer Reviews

Relaxing, refreshing, and delicious, the mojito has emerged as a staple cocktail at summertime parties and bars across the country. This straightforward mix of rum, muddled mint leaves, and fresh-squeezed lime juice served over crushed ice with a splash of soda is the perfect drink for chilling out on a hot, sunny day. But even though the mojito offers refreshment in nearly flawless form, there are plenty of other muddled masterpieces you can try. In *101 Mojitos & Other Muddled*

Drinks, Liquid Chef Kim Haasarud presents variations on the mojito and plenty of other flavorful options for every taste, including caipirinhas, smashes, margaritas, and mimosas—all full of ripe fruits and fresh herbs bruised and crushed to messy perfection. If you've got fresh ingredients on hand, you'll find a delicious use for them here. How about a Spiced Basil Mimosa with ginger honey syrup? If that's too sweet, why not try a cool Cucumber Gimlet? What's not to love in a Passion Fruit Lemon Drop martini, a Classic Mint Julep, or that old favorite the Old Fashioned? When it comes to an unbeatable cocktail, simple is best. A few basic, high-quality ingredients mixed in the right quantities are all you really need for an ideal libation. The mojito and its muddled cousins are perfect examples, and they're sensationally simple and radically refreshing.

"It's refreshing, pretty to look at, and delicious. It has its roots in Cuba and was a favorite of Ernest Hemingway in the 1930s. It is believed to have evolved from a drink back in the 1500s called the 'El Draque' (meaning dragon) named by English pirate Richard Drake, who created it with aguardiente, sugar, lime, and mint."—From *101 Mojitos & Other Muddled Drinks*

This was the first book by Kim Haasarud that I bought. I loved it so much I bought the rest of her 101 books. She knows how to create amazing cocktails. Out of all of the cocktails of hers I have made so far 99% of them have been a hit. I reach for her books when I want a new drink before any other. I have had fun muddling, stirring, and shaking (not to mention drinking) my way through them.

Great book. Many great recipes. My favorite is the regular mint mojito. After making it & trying this delicious drink, you will be sending back inferior ones at restaurants, clubs, etc! We loved it so much, we planted mint just for these mojitos which returns every spring and summer. Enjoy!

Generally, a pretty good book.

Love mojitos.... so naturally love this book!

excellent guide for muddled drinks. even if you dont think you would like some of them, it will give you a good base to start swapping ingredients out then! There are a few versions of the same drink but it is still a nice book to add to your mixed drink area.

Book excellent I found it very helpful planning on making a lot of drinks. Book includes countless

color pictures of drinks and step by step instructions. Including how to make specialty items for drinks like simple syrups and other punches used in drinks. I plan on buying more books from this author. Great for anyone who wants to learn or expand their recipes in muddled drinks.

I'm a fan of mojitos and figured I'd branch out and try some other muddled drinks. Armed with a wooden spoon (and later a real muddler), I've made some tasty drinks from this book. I have not been disappointed yet. Recipes range from the traditional mojito to the more unique pineapple ginger mojito. With a few different types of alcohol and simple syrup on hand, I'm always ready to make a fun mixed drink with whatever fresh fruit is in season. Great resource!

No, the recipes are not all mojitos. The focus of the book is on drinks using muddled fresh ingredients. It has plenty of great variants on the traditional mojito, but also on other classics. I'd buy the book just for the recipe for a real Mint Julep or the Margarita using freshly muddled peppers!
