Customer Reviews

The unique team of Jon the pig and Bernard the Iron Golem are back together on their first mission as Explorers, those who set out to promote peace amongst all of the people. Once again my young readers were drawn into the excitement of the Minecraft setting and the well written plot. It is tense when they seem to find themselves in the middle of a creeper-zombie war, and Jon and Bernard have to try unusual tactics to help save a village. Parents will like the message of listening and thinking while young readers and Minecraft fans will love the action and adventure that author Christopher Craft delivers every time. It looks like there are more missions to come, and we are looking forward to it.

As a retired teacher and grandparent, it is important to me that children enjoy reading. My granddaughter enjoys the Minecraft books by Christopher Craft and we have been waiting for this one to be released. My granddaughter gives it a thumbs up for a great story. Jon the pig and Bernard the Iron Golem are back together in this story and they end up having to figure out a way to save a village in this fast paced and fun read. I also am giving this book a thumbs up as when I see a child engrossed in a book and eager for the next book to be released, I know we have found a winner. So with this being said - two thumbs up. Great read - surprise your child or grandchild with this book, I think you'll make their day.

I bought this book for my brother who loves playing the game Minecraft. He is not really into reading so I purchased him these books to really get him interested in reading. He tells me he really enjoys these types of books and that he wants to read more. As a big brother I felt proud of him taken and interest to reading and I hope it branches off in his later life. I highly recommend this book to children that love Minecraft as they will be interested in the book.

Really happy with the way this story continued. Jon and Bernard go searching and adventuring looking for intelligent life and creatures. Golems have always been one of my favorite mythical creatures so when I saw that there was a sequel to the first book in this series I had to check it out. So far Chris Craft has never disappointed me. I am a big Minecraft fan and have been playing video games since I was a youngster.

An another adventure with Jon and Bernard. Another book that my 7yr son enjoyed. He is a huge Minecraft gamer for his young age, but we are working on getting his reading level up. These kinds of books make him want to learn how to read better and get up to the reading level and even higher

than he is supposed to be. Thank you Mr. Craft for yet another step to helping my son want to better himself!

It was a really good sequel. I definitely want more. Read it if you're a fan of Minecraft or just stories. It seems like its a setup for more to come, and I hope that's the case.

An fun and whimsical story for young readers. Christopher Craft weaves an entertaining tale with engaging characters in a unique and colorful setting.
