Reggaeton

Synopsis

A hybrid of reggae and rap, reggaeton is a music with Spanish-language lyrics and Caribbean aesthetics that has taken Latin America, the United States, and the world by storm.

Superstars—including Daddy Yankee, Don Omar, and Ivy Queen—garner international attention, while aspiring performers use digital technologies to create and circulate their own tracks.

Reggaeton brings together critical assessments of this wildly popular genre. Journalists, scholars, and artists delve into reggaeton's local roots and its transnational dissemination; they parse the genre's aesthetics, particularly in relation to those of hip-hop; and they explore the debates about race, nation, gender, and sexuality generated by the music and its associated cultural practices, from dance to fashion. The collection opens with an in-depth exploration of the social and sonic currents that coalesced into reggaeton in Puerto Rico during the 1990s. Contributors consider reggaeton in relation to that island, Panama, Jamaica, and New York; Cuban society, Miami's hip-hop scene, and Dominican identity; and other genres including reggae en español, underground, and dancehall reggae. The reggaeton artist Tego Calderón provides a powerful indictment of racism in Latin America, while the hip-hop artist Welmo Romero Joseph discusses the development of reggaeton in Puerto Rico and his refusal to embrace the upstart genre. The collection features interviews with the DJ/rapper El General and the reggae performer Renato, as well as a translation of "Chamaco's Corner," the poem that served as the introduction to Daddy Yankee's debut album. Among the volume's striking images are photographs from Miguel Luciano's series *Pure Plantainum*, a meditation on identity politics in the bling-bling era, and photos taken by the reggaeton videographer Kacho López during the making of the documentary *Bling: Blood, Diamonds, and Hip-Hop*. Contributors: Geoff Baker, Tego Calderón, Carolina Caycedo, Jose Davila, Jan Fairley, Juan Flores, Gallego (José Raúl González), Félix Jiménez, Kacho López, Miguel Luciano, Wayne Marshall, Frances Negrón-Muntaner, Alfredo Nieves Moreno, Ifeoma C. K. Nwankwo, Deborah Pacini Hernandez, Raquel Z. Rivera, Welmo Romero Joseph, Christoph Twickel, Alexandra T. Vazquez

Customer Reviews

Reggaeton is a truly important contribution to our understanding of the most pervasive and perhaps most misunderstood Latin musical genre at the turn of the 21st century. The blend of academic and journalistic writings with artistic statements, interviews and visual art offers the reader an extraordinary window into the complex landscape of reggaeton. . . . Raquel Z. Rivera, Wayne Marshall, and Deborah Pacini Hernandez have established the foundation for the rich and productive academic conversation that the genre will still generate. • - Alejandro L. Madrid, *Dancecult* • This collection of essays is the first attempt to critically engage with the phenomenon, and wisely hedges its bets with a broad collection of writings • earnest academic appraisals are effectively offset by punchy location reportage from Latin America, Q&As with major protagonists and landmark magazine pieces from the music's early days. . . . [A] largely informative and sometimes exhilarating survey of a multinational phenomenon. • - Derek Walmsley, *The Wire* • Reggaeton is an excellent collection which itself occasions many surprises. Overall the book is structured in much the same way as its subject (reggaeton), as a series of overlapping, interconnected and often contradictory layers. . . . This book is a tour de force of criticism and analysis which is relevant not only to the study of reggaeton but to the study of popular music in general. • - Cameron White, *Transforming Cultures* • The admirable book *Reggaeton* . . . invites us to carefully read this extraordinary musical and social phenomenon of our times. . . . The authors in this volume extensively document the crossing of geographic, racial, ethnic and linguistic borders. . . . As the essays in this book skillfully demonstrate, the reggaeton nation constantly moves between numerous countries and cities, between Spanish and English, between Caribbean and African American rhythms. • (Translated from the Spanish) - Jorge Duany, *El Nuevo D* • I cannot overstate how critically important this volume is. It captures the synergies of a musical and cultural movement that few have seriously grappled with, even as the sounds and styles of reggaeton have dominated the air space of so many urban locales. • "Mark Anthony Neal, author of *Soul Babies*:

Black Popular Culture and the Post-Soul Aesthetic

“I’m about time academia dared to include reggaeton. This might mean that we’re finally understanding that all of us are *los de atrás* (the ones behind): our country, Puerto Rico, and the whole Caribbean. I hope people support this book so it can be translated into Spanish, and kids in Puerto Rico and Latin America can read it. Because we Caribbean people, even if we don’t want to, even if we don’t like it, even if it hurts, we come from behind . . . and there’s a value to that. There’s a beauty to being *los de atrás*.” Residente, frontman of the Grammy and Latin Grammy award-winning duo Calle 13

“The kinetic contributions in Reggaeton melt false borders” ones wrapped like straitjackets around peoples, knowledges, and cultures” and move the crowd. More than an exciting, exhaustive treatment of this vital musical culture, this anthology is a fine blueprint for engaged cultural scholarship right now.” Jeff Chang, author of *Can’t Stop Won’t Stop: A History of the Hip-Hop Generation*

“This anthology opens a chapter in hip-hop history that brings it all back home, back to our transnational Afro-Spanish-speaking countries and diasporas and neighborhoods where young people are going through their hip-hop ecstasies and traumas, but in their own language, and in their own unique and hitherto-unknown style.” Juan Flores, author of *From Bomba to Hip-Hop: Puerto Rican Culture and Latino Identity*, from the foreword to Reggaeton

“Reggaeton is a truly important contribution to our understanding of the most pervasive and perhaps most misunderstood Latin musical genre at the turn of the 21st century. The blend of academic and journalistic writings with artistic statements, interviews and visual art offers the reader an extraordinary window into the complex landscape of reggaeton. . . . Raquel Z. Rivera, Wayne Marshall, and Deborah Pacini Hernandez have established the foundation for the rich and productive academic conversation that the genre will still generate.” (Alejandro L. Madrid *Dancecult*)

“Reggaeton is an excellent collection which itself occasions many surprises. This book is a tour de force of criticism and analysis which is relevant not only to the study of reggaeton but to the study of popular music in general.” (Cameron White *Transforming Cultures*)

“The admirable book Reggaeton . . . invites us to carefully read this extraordinary musical and social phenomenon of our times. . . . The authors in this volume extensively document the crossing of geographic, racial, ethnic and linguistic borders. . . . As the essays in this book skillfully demonstrate, the ‘reggaeton nation’ constantly moves between numerous countries and cities, between Spanish and English, between Caribbean and African American rhythms.” (Translated from the Spanish) (Jorge Duany *El Nuevo Dã- a*)

“This collection of essays is the first attempt to critically engage with the phenomenon, and

wisely hedges its bets with a broad collection of writingsâ ”earnest academic appraisals are effectively offset by punchy location reportage from Latin America, Q&As with major protagonists and landmark magazine pieces from the musicâ™s early days. . . . [A] largely informative and sometimes exhilarating survey of a multinational phenomenon.â • (Derek Walmsley *The Wire*)

"This collection of essays is the first attempt to critically engage with the phenomenon, and wisely hedges its bets with a broad collection of writings - earnest academic appraisals are effectively offset by punchy location reportage from Latin America, Q&As with major protagonists and landmark magazine pieces from the music's early days. . . . [A] largely informative and sometimes exhilarating survey of a multinational phenomenon." --This text refers to the Hardcover edition.

I was thrilled to find a scholarly application of Reggaeton music. This book provided a nice overview of Reggaeton, from its unique beat structure and musical characteristics, to its shared origins in Panama, Puerto Rico, and the Dominican Republic. I found this to be a technical and interesting account of a unique and mixed genre of music. I especially liked the commentary on why Reggaeton music is growing in popularity around the world. The dual nature of Reggaeton uniting and dividing Latin America was also interesting. This book is highly recommended for music lovers and musicologists alike!

Thanks for the good service! I was satisfied with my order. Excellent value for the price yes i agree thanks

ME FUE MUY UTIL ESTE LIBRO PARA UNA PUBLICACION QUE HICE... LASTIMA QUE ESTA REDACTADO EN INGLES.

I hear the boom chk chick outside my window in Bushwick nearly everyday. I am not a fan of Reggaeton so I bought this mother to try to understand the want for that repetitive beat. I still don't understand after reading this but it was an interesting read. Not enthralling but interesante.
