Why Revival Tarries

Synopsis

This is a no-compromise call to biblical revival and spiritual excellence that expounds on the disparity between today's church and the church of Acts.

Customer Reviews

Leonard Ravenhill was born in 1907 in England. He became one of England's foremost evangelists, preaching with vigor and power. He immigrated with his family to the United States in midlife, where he continued his ministry. The author of several books, in

If I find out that any of my Christian friends hasn't read this, I either buy them their own, or immediately hand them mine to borrow. I now have both a hard copy and a kindle version. It's a very powerful message, from a very anointed preacher. It will make you "examine yourself" the way we are commanded to do (2 Corinthians 13:5). It will have you praying like never before. It will have you trusting and believing God. It will give you a heart for the lost in a way you've never imagined. I want to quote the book to give you a taste, but there are so many good quotes. I don't think I could stop myself if I started quoting. I'd end up posting the whole book! Just get it, read it, and let it sink in!

This book is not a "sit down and read at one sitting" book. It's a book that will send anyone with a burdened heart to their knees every chapter. I've read it several times. Now I can have it even when I can't get to my library.

Leonard Ravenhill was one of the greatest Christian ministers of all time. His teaching radically

changed my life and I pray he will radically change your life also. This firebrand was shaped in God's furnace and his message is desperately needed in our time.

This is properly one of the best books on revival that I have read. One's heart wants to break when one thinks of all the opportunities that are missed due to our coolness and absolute lack and disregard for God. This book is a stark reminder that we as the church are the problem rather than the solution. My God, forgive us our lukewarmness, and put His Holy fire in our hearts and souls. This book for me is truly a wakeup call...

The very book I needed in this season of my life! If you seek the truth, if you seek righteousness, if you are hungry for the move of God in your life and through your life, look no further, this book can kickstart, secure and/or accelerate the process! It has been of great spiritual resource to me in this generation where there's abundance of everything but scarcity of the power of the Holy Spirit and revival!

This book is one that will put fire in your heart. This is not a lightweight book, but one where Ravenhill gets to the core of people and the church. *Why Revival Tarrys?* carries a lot of passion and practically demands that the church of Jesus Christ wakes up to the reality that there is a disconnect from the early church. Sometimes Ravenhill can be a bit radical, but that's what set him apart from other preachers of his time (as well as today). He was unashamed to call it like it was and he was not ashamed of the truth. This book is no different. A must read for any believer in Jesus Christ.

I really enjoyed reading "Why Revival Tarrys", because as a Christian we should not be afraid or intimidated to stand with veraciousness for what our God stands against. If we say we are followers of Christ, then with great temerity we must follow him and His principles regardless if it cuts against the polity of the day. I am challenged to ferociously pursue a deeper relationship with God and to forge through the mercurialness of life through prayer. It is our incessancy of praying which gives us better footing during the vicissitudes we encounter. If we want to experience revival then our prayer life must be conflagrant with the Holy Spirit as the impetus and fulcrum. This book is recommended for those who are serious about advancing in their prayer life, for the seasoned believers and the radical preachers of righteousness.

Why is the American church the way it is? I believe this book explains it in detail and passion. You will do a lot of repenting while reading this book. You will realize some people actually believed the Bible and did what it said. Imagine that!
