Customer Reviews

Since I'm huge fan of EWF I was very excited about the book, and not disappointed after reading. Mr. Bailey is outstanding talent in genre, a lot of very personal info, very emotionally and easy reading. Thanks to all authors, I love it.

This book is great. Earth Wind & Fire is a group that I have admired since I was about 9 years old, sneaking and listening to my older brothers records and it sure was nice to see how things really went back in those days. Thank you Phillip Bailey for writing this book. It answered a lot of questions I had always wondered about. "Wanna Thank You, Yeah....."

Thanks for writing your biography Philip! I am a long time fan and amateur singer who dreams about singing soprano as well as Philip Bailey some day! I always knew that you guys were different, and reading about the "concept" helped me to understand the spiritual side to Earth, Wind, and Fire. May the future bring nothing but good to you and yours...Jenny Hatch

good Book

This book is the "real" truth about the history of the greatest band of all time. Phillip Bailey surgically describes the birth of EWF from the inception, progression, decline, and re-birth. Literally, I could not put this book down. Thank you Phillip

I enjoyed the insight of EWF through the eyes of Phillip Bailey. EWF was and is my absolute favorite group for many reasons. It was a respectful and yet candid look at the making and progression of the group. It was a look into the life of Phillip Bailey, his early struggles, frailties and strengths. Thanks for sharing.

An excellent read! The perfect mix of Phillip sharing his personal life and the inner workings of EWF. What an amazing band and what a talented singer.....the Voice!! Despite humble beginnings he persevered; great inspiration. An added bonus is that he shares his faith. Amen my Brother and may God continue to bless you and your family.

Sometimes as fans we only see the glitz, the glamour and the fame but as Phillip so honestly points out, there is always some pain. Yet this book is an encouraging example of how faith can overcome and give you peace. EWF truly touched this world and continue to make it better. Highly recommended.
