Frommer's. The best trips start here. Experience a place the way the locals do. Enjoy the best it has to offer. Our expert take on Egypt covers everything from the Pyramids in Giza and Luxor's temples to diving the Red Sea and navigating the streets of Cairo. Outspoken opinions on what's worth your time and what's not. Exact prices, so you can plan the perfect trip whatever your budget. Off-the-beaten-path experiences and undiscovered gems, plus new takes on top attractions.

There is nothing like an insider's perspective, and when it comes to Egypt, Mohamed El Hebeishy knows what he's talking about. In 2004, Mohamed left a fruitful career as a financial analyst for his passionâ€”travel writing. Since then he has been intensely traveling in his homeland (Egypt) and throughout the region, bringing an insightful dimension of the Middle East into perspective. His work is periodically published in several newspapers and magazines, and he is also author and photographer of the widely acclaimed coffee-table book *Egypt Rediscovered*. --This text refers to an out of print or unavailable edition of this title.

This frommers guide was used when I went to Egypt in 2010. It was very helpful. Recommended for your trip. Don't miss traveling to Egypt you won't regret it. Take this guide with you.

perfect help for my trip

This helped us on our trip but make sure you get the most recent edition as things change very quick in that region. Was definitely a trip of a lifetime...

This is the best book you can buy with useful information about traveling in Egypt! This is not one of those book full of pictures with no information that you can actually use. I am getting ready to go to Egypt and of all the 5 books I bought, this is the best!

I didn't get a chance to start reading this book, but I plan to do so soon. Unfortunately, my plans to travel to this country changed because current events have demonstrated that travelers could get arrested simply by being there.

I have used Frommers in the past, and overall I have thought the information was useful. However, this time I took a trip (to Egypt for 2 days) that was put together by a company, so my hotels/restaurants, etc were already taken care of. Thus, the nitty-gritty info that Frommers provided was not needed. In addition, the book just wasn't fun to read. I so much more enjoyed Fodor's *Exploring Egypt* and *DK Eyewitness Travel guide to Egypt*, as they both contained fun information and it was exciting to discover in graphics that were pleasing to the eye. Unless you're booking your own hotels and the like, I'd probably stay away from Frommers.

I really thought this guide book was easy to read, and packed with worthwhile information. I'll let you know more when I return.

Usually we swear by the Frommer's guides. This one, though, disappointed. We found some of the advice dated and inconsistent with our experience in Cairo.
