Clarissa And The Cowboy: An Opposites-attract Romance (Companion To The Darcy Brothers Series)

Synopsis

What happens when a cowboy and a bluestocking get stranded in a cave with a 40,000-year-old phallus on the wall? A sizzling-hot and hilarious romance, that's what! ~ Nathan ~Right now Clarissa, our tour guide, is talking about prehistoric cave paintings. In a moment, she'll point at the mammoth... Wait for it.... "Look at the mammoth on your right," she says. Told ya! I've done her tour six times in two months. Everyone gawks at the mammoth. My eyes stay trained on Clarissa's lovely face. After the tour, I'll ask her out, fully expecting her to say no. I mean, why would a hotshot Parisian archeologist go on a date with a dairy farmer from the sticks? But I need to hear Clarissa's no. Maybe then I'll be able to forget her. ~ Clarissa ~Nathan, aka Cowboy, is here again. Staring at me again. I ignore him. Just as I've ignored the hot, disturbing dreams I've been having lately. Dreams in which a handsome cowboy undresses me. Kisses me. Pleasures me into oblivion. Crazy dreams! In real life, I'm going back to Paris to start a new job in a big museum. The one thing I don't need during my last week in Burgundy is a roll in the hay with Nathan. Even if that roll turns out to be better than my craziest dreams... Customer Reviews

I would recommend. Different story line and very enjoyable. Don't judge a book by it's cover. I'm glad the 'big guy' won in the end

I enjoyed this book. The characters were interesting and the story line was good. I couldn't put this book down until I finished it.

Alix's writing is hotter than ever in this opposites attract novella that is a fast paced and quick read. I really enjoy her type of story-telling that has a quirky almost Shakespearean type of ironic twist to the humour that makes you think that even though the plot might be totally unrealistic, you're enjoying it all the same. In this book, we can see that it doesn't matter whether your family is rich or poor, academic or agriculturally based, children can be weighed down by the expectations of their parents. And despite herself and the lofty plans that her parents have for her, Clarissa is hopelessly attracted to Nathan, a sexy local, whom she has dubbed 'cowboy' in her fertile imagination. Nathan is just as confined by the plans set in place for him by his father, but he's helpless to resist the charms of a certain highly qualified archaeologist who gives guided presentations around the local historic rock-art caves that she is both studying and the curator of. Needless to say that six guided tours later, and no courage to approach Clarissa, he doesn't look like a stalker at all! When an elderly busy-body, er, cupid, lends a hand, Nathan takes the opportunity he is given, to make his move. I say every time that I love the interactions between the books Alix writes, and it's almost like seeing old friends again. It is definitely not necessary to read the others, but thinking, yeah, I remember that scene from Find You In Paris, and it was great to see it this time, from Clarissa's perspective. Always great reading, and I voluntarily read an Advanced Review Copy of this book. 4.5 Stars for this hot novella.

When Nathan sees her, he knows he probably doesn't stand a chance. They are from two different worlds, that does not stop his obsession with the beautiful Clarissa. Bound and determined to give it

one one more try before giving up his quest for the archeologist. Nathan finds himself with the opportunity of a lifetime, Clarissa is locked away with him for the evening. He gives it his all showing her farmers are not just dumb men who smell like manure. Will it be enough to change her attitude? Will he still want her? Will she want to be around him? Ok, I know this book is just a fast paced, hot read- not meant to be all serious and what not, but this was hard for me to read! I know, I know, people who read my reviews are going ** there goes Jackie again ** I had such a hard time with Clarissa's character. I could not fathom why on earth Nathan would want anything to do with the snotty women! That being said, I did not put this book down even though I all over the place about the union these two would have (I need a life it is painfully obvious) because I had to know how this craziness was going to play out between to different types of people! I gave this 4 stars because as always Alix Nichols added detailed scenes, an intriguing storyline, a great mixture of sweetness and sizzling hot. With a budding romance of sorts to boot that I kept me reading even if I had thoughts of smacking around a character or two. I am a fan of Alix Nichols and look forward to whatever she has in store for us next! I voluntarily read an advanced readers copy of this book

I liked this book but would have liked for it to be a bit deeper. The feelings that Carissa has for Nathan are pretty clear though. In the beginning it is more about her "non-feelings" for the cowboy that is what is the clearest. She's kind of snobby, she's thinking that the cowboy who just stares at her is probably not too smart. She thinks he's a hayseed, a hick probably. It's kind of painful the way she just writes him off. There is some attraction on her part though and she fights that because after all she has BIG plans and they don't include a handsome farmer. Well through no fault of his own, he's about to kick over that apple-cart. When he goes on his final tour before giving up once and for all, things begin to happen. And he just might be able to turn it to his advantage. And I have to say, what's not to like about Nathan? Well, fantasies sometimes turn into reality and all those " crazy dreams" they each end up having begins to happen. So yes, there will be sex (quite a bit) and a H.E.A. and no cliffhangers. That H.E.A. comes along with some steamy scenes in the book. A good Epilogue, where things come to several startling conclusions. "I voluntarily read an advanced reader copy of this book. •

This is a spinoff of The Darcy Brother's Series. Dr. Penelope "Clarissa" Mueller is an archeologist at The Darcy Grotto. She's had an eye out for Sebastian Darcy for years but finally gives up on that when she realizes he's in a serious relationship. She decides maybe it is time to take that Job in Paris! Nathan is a Dairy farmer at a neighboring farm. Nathan has been attending her weekly tours in

hopes of a chance to talk to her but he loses his nerve every time. He knows she's way out of his league. They are total opposites! What could they possibly have in common?! Then one evening, Nathan stays behind after the tour to finally get up the nerve to talk to Clarissa and somehow the lock of the entrance to the Grotto mysteriously jams. Being locked in such close proximity has sparks flying!! Clarissa tells herself it's just one time so why not have a little fun! But can they stop at just one night? Plus, Clarissa has already accepted the job in Paris and will be moving soon. This was short and sweet and definitely hot!! Perfect for reading by the pool or on the beach!! I always enjoy Alix's writing!! I received an early copy and voluntarily left my honest comment.
