

Synopsis

Since 1969, Hastings Avon Collectors Encyclopedia has been the official and only complete price guide to buying, selling, or collecting Avon or California Perfume Company products. In this new, completely revised 16th edition, there are over 200 categories. The informative text includes what's hot and what's not in Avon collecting, the history of the California Perfume Co., and information on where to buy and sell these popular collectibles. It's still the #1 choice for Avon collectors as well as Avon representatives, selling hundreds of thousands of copies over the years!

interesting

very happy with it.

Great reference book! Wish there was color.

the pics are in black and white but will make a good work book for highlighting all my items. Book in good shape

It has come in handy in my business on several occasions when customers come to me with their old product, bottles and rewards.

Avon Collector's Encyclopedia, 16th Edition is the official Avon collector's price guide, and its latest edition has been revamped cover to cover to present over 200 categories of products. From vanity sets to Avon awards and trinkets, this is filled with black and white photos of items and their latest price information.

Bud Hastin has done an outstanding job in the research for publication of this book. It is without a doubt the best guide ever produced for the collectors of Avon Products. If you even have a thought about the value of an Avon Collectible in your possession this book is a must. Bud is the leading authority in the world on the hobby of Avon Collecting and it shows in the contents of this book. Don't be without it. I have two.

I was under the impression that the book had more of a variety of "collectibles" than shown. I have several items from the 60's to the late 80's that I could not find. The collectible I was most interested in finding was a set of 4 Birds from 1986. All 4 are stamped except one--the owl--does not have the year on the base.
