This is the third book I[^]ve read by Carl Gallups and I must say I enjoyed it as much as the previous two. Mr. Gallups has unique perspective on Bible prophecy and a good way of explaining it. I also like the fact that Mr. Gallups is willing to look outside the box of conventional wisdom in an effort to understand some of the more difficult prophetic passages. This book was written as an overview of the day and age in which we live with an eye toward evaluating whether or not we are living in the season of the Messiah[^]s return. The book is divided into three parts:[^] Part I: Understanding the Prophetic Nature of Our Times[^] Part II: The Problems of Biblical Prophecy[^] Part III: The Profound Prophetic Markers of Our Times I really liked the title and theme of this book. When The Lion Roars is an apt way to describe the book[^]s message, i.e. that YHWH, from the prophetic pages of the Bible, is calling mankind to awake out of our slumber because Yeshua[^]s return is drawing nigh. So many of us today have become apathetic to the subject of Bible prophecy and Yeshua[^]s return. This I believe stems from a complacent and increasingly secular view of YHWH, the living God of the Bible. Drew Dyck of the Leadership Journal aptly described such an attitude in[^] Yawning at Tigers. And then there are the words of the apostle Paul written to the Romans: And that, knowing the time, that now it is high time to awake out of sleep: for now is our salvation nearer than when we believed. (Romans 13:11)* *
*Some of the highlights of the book:[^] Chapter 6: Were They Mistaken[^] Chapter 13: The Tie That Binds[^] Chapter 14: The Revenant Nation On a more critical note, there were aspects of Mr. Gallups[^] interpretation of prophetic record that I respectfully disagree with, or at least I believe it could have been addressed more thoroughly. A few of these included:[^] Daniel 9 and the prophecy of 70 Weeks: | Like many of his peers, Mr. Gallups fails to address the starting point of this prophecy as it relates to the 2nd temple era. He also fails to explain why his interpretation does not include a Biblical reckoning of time. As important as this prophecy is to Mr. Gallups[^] eschatological world view, I believe it deserves to be established upon a

commensurate foundation in the Biblical record. Gog & Magog and Israel dwelling securely in the land: Mr. Gallups in his discussion of Gog & Magog and Israel's hostile neighbors does not thoroughly address the context of Israel dwelling securely in the land. This idea contextually comes first from Leviticus 25 & 26 and is a promise of YHWH that if Israel obeys His commandments they would dwell in the land securely. The idea is further elucidated in Jeremiah 32 and Zechariah 14. Further Ezekiel himself explains the context of Israel dwelling securely in chapters 28 and 34, both passages unmistakably point to the millennial reign of Yeshua. I would really like to have a better understand of how Mr. Gallups dealt with these verses in his own exploration of the subject. In closing let me say that even if you disagree with some of Mr. Gallups' perspective on Bible prophecy, the final four chapters are a must read. They include: Chapter 31: Balance Chapter 32: Perspective Chapter 33: The Ingathering Chapter 34: Engage and Advance Though I can't agree with everything written in this book I believe it was well worth reading. I enjoy learning about other believers' perspectives on Bible prophecy and Mr. Gallups' unique view is well worth pursuing. As a final thought, which I believe expresses one of the underlying themes of this book, I leave you with the words of Joel: YHWH also shall roar out of Zion, and utter his voice from Jerusalem; and the heavens and the earth shall shake: but YHWH will be the hope of his people, and the strength of the children of Israel. (Joel 3:16)

The roar of our Savior and King is calling for His people to arise and work. There is stirring, as almost everyone is asking "What will happen next?" Will we stand at the edge, as the clouds open and just gawk? The prophecies of God is true. Archaeological events prove day after day that just as Jesus said " I am the truth and the life" He showed us the past and the future is upon us, as He said will be. Don't be hesitant to read this and open your eyes to what God is telling us. We have much labor to do in the fields, my friend.

As I write this review Russian warships are in route to Syria. The time we live in is rapidly advancing toward the return of Christ. This book provides excellent enlightenment. I highly recommend it.

Loved this book. Very informative. Every Believer should read it as it covers the happenings in the world of the last few years in very understandable words. Not only for believers in the Lord Jesus Christ but others searching or even fearful of what is happening in the world today. God bless Carl Gallups the author!!

Wants to know whats going on in this world, and what to do about it? Carl Gallup lays out the problems, solutions and biblical reasons for the world situation today

Amazing book. I am loving every page. For anyone interested in Bible Prophecy and Israel, this is a must. I have heard Carl Gallups when he was a guest on either Skywatchtv or Prophecy Watchers and liked him so much I ordered the book. It is one of my best choices. I study the Bible and have read through it many, many times and love Israel and end times stuff.

I've read many books, both fiction and non fiction, in the last few years that are based on the Bible, it's history, and it's prophecies. This one was highly recommended by someone close to me who was really excited about this author's explanations of the prophecies as they are affecting what is happening in our world right now. It didn't take very long to realize this isn't "just another book on prophecy" because it ties in all the advances in technology and world politics that we are watching unfold with how those things affect the future fulfillment of prophecy, and how one depends on the other. I found this an exciting and very thoughtful book with so many insights that I can see me reading it many times in the future as things unfold.

At first it was informative concerning prophecy and what technology is developing but then he tries to turn all believers into evangelist. That's only one third of the three major gifts. Takes Matthew 24 and applies it to the age of grace doesn't fit. The age of grace. As so many the author has little understanding of what the body of Christ is and what the purpose of the tribulation is. But at least he gets what is coming upon the world,
