Customer Reviews

Devin Devasquez has starred in a few of Andy Sidaris's very steamy action packed films, having a collection of all his films along with his book "Bullets Bombs and Babes". This latest book about Devin is a nice behind the scenes look inside the movie business and her life as well as working with Andy Sidaris in her own words.

With honesty, Devin Devasquez shares her own personal journey as a pinup model in an attempt to enlighten, inform and inspire other women. She goes the extra mile of sharing many details (always with class) so as to make her points even more clear. Highly recommend it.

I don't really think it's that's relevant to today's pin up. The writing was very wish washy and I found it to be a bit vague. Overall it was OK but I wouldn't say to someone "that they must read it!".

If you are a Devin fan, the book is interesting and a decent read. That would be the reason to buy it. The reason not to buy it would be that it is a small book with tiny, grainy, black-and-white photos. To me this is kind of inexplicable considering the subject matter and the author. Really a shame.

I've read Devin's Devasquez book "The Naked Truth About A Pinup Model" very happily twice..Even though I don't ever inspire to become a pinup up model at all..What I loved about this book is the fact that Devin..Gives you the truth about what it takes to make it in the modeling world. This is a great guide for women and girls of all ages around the world..You learn to be comfortable with your sexuality and basically inside of your own skin..Never settling for less than what you deserve, even if you've had a very abusive childhood..(which I've had) You also learn some great ideas how to become stable financially and not rely solely upon your beauty..I'm a full figured beautiful woman with a nice body I am told, and I'm losing weight slowly to get down to the size that I feel comfortable with..I must tell you that Devin's book made me feel so great about myself even at my current weight..More than I thought it would, because of the way the media and press has summed up what a pinup model is..Someone much more prettier than you with a better body, but after reading this book.. I no longer feel this way at all.. I even played dress up and took some great pictures of myself.. Something that I haven't done in years..So I urge every woman to buy and read this book..Give it as a gift to your girlfriends and sisters..By doing so will cause more women in the world to feel better about themselves..Something of which there's so very little of in today's society!
