## Synopsis

A firsthand account of the immigrant experience in America Frank Mendez, a child of Mexican immigrants begins his memoir with the story of his father's harrowing migration from Mexico to Texas in 1920 as he escaped from Zapata's guerrillas and continues with his story of growing up in northeast Ohio. He recounts the Mendez family's experience with the Depression, living in the Lorain, Ohio barrio, labor issues, racism, and World War II. Mendez dropped out of high school in 1943 and enlisted in the Marine Corps where he served twenty-two months in the Pacific theatre. When he returned to Lorain, he received his high school diploma, bachelor's and master's degrees, and a professional engineering license. With an easy, engaging style, Mendez deals directly with the matter of personal identity, addressing the issues that confronted him as he tried to sort out his sometimes conflicting Mexican and American heritage. *You Can't Be Mexican* comments on the social and political issues of the twentieth century and will appeal to those interested in immigrant studies and ethnicity studies and modern social history. "Every immigrant group which has ever come to this country has its own story to tell. Many of the stories have common threads, however, and Mendez's detailed recollection of the personalities, the emotions, the disappointments and joys relate to the understanding that this is a country of immigrants, whose experience is woven into a shared culture. I know others will enjoy this book as much as I did." — Ambler H. Moss Jr., Professor of International Studies, University of Miami (former U.S. Ambassador to Panama, 1978- 1982)

## Customer Reviews

Frank Mendez is retired and lives in Miami. He worked with Firestone Rubber Co. in Akron, was director of the U.S. Army Tropic Test Center in the Panama Canal Zone, and served as a colonel in the U.S. Army Reserve.

The book is about my family which made it that much more exciting to read. The author is my Dad's first cousin. Whom I've never met sadly. But I do know his brother. My Abuelita's brother is on the front cover, on the left.

Great book for a review in my Masters program!
