Dark Wrath: Special Edition With Bonus Material

Synopsis

This special edition contains the following free bonus materials:

Hunted by the Wolf: The exotic getaway was nothing like Cher imagined. She thought she'd scored a dream vacation filled with eligible bachelors. Instead, she'd landed smack in the middle of a werewolf mating ritual, where only the strongest and fastest wolf could claim a mate. The problem is, Cher isn't a she-wolf, but darkly sexy Nigel Franceour isn't about to let something like humanity stand in the way of claiming his mate.

The Quirin Stone by Marie Morin: The disturbing dreams begin to haunt Cassandra Wallace almost from the moment she first looks upon the portrait of the woman that hangs in Thor Severnson's office. They're waking dreams, however, and in them she lives another woman's life, the wife of the Duc du Maurier, the man everyone believes is in league with the devil.

The Color of Twilight: For ten long years, the dark fey prince, Frost Tamann, has searched for his chosen. The chase that has left him hollow inside has finally ended, for at the Mystery Ball, he has found the woman who crushed his heart so long ago.

Coerced: As dull as it was, Alana's life was peaceful, and she liked it that way. At least it was peaceful until the delivery of the little packet that contained a nude picture of her, taken years ago by the one man she could never forget—the man whose life she'd ruined and sent to prison.

Dark Wrath: Captured for brutal experimentation, only one bright spot exists in Jesse Stone's life—Erin. But she saw him as nothing but an animal and worse—a monster. When she betrays him, it's more than he can bear, turning his mind to white hot rage as he planned his escape and revenge on those who'd dared to take him. And Erin, her he would save for last.
