Wild Side: A Nate Temple Supernatural Thriller Book 7 (The Temple Chronicles)

Synopsis

To become a Godkiller you have to awaken the monster inside you! Almost a year has passed since Nate's ex-fiancee woke up a Greek god intent on world domination and war. The problem? He doesn't know which god. And the promised war hasn't started yet. With the Four Horsemen refusing to help, and an army of monsters living on his lawn, Nate resorts to the one thing he's best at – "pissing off demigods and Greek Heroes in hopes of jump-starting the war. But then he receives an ominous invitation that he literally cannot refuse. A dark, deadly place where nightmares roam free demands an audience. The Land of the Fae. He must forget every story he's heard about the Fae. They're nothing like he imagined, nothing like he's been told! Because to kill a god, he needs to learn how to become a monster. If you like Jim Butcher, Kevin Hearne, or Patrick Rothfuss, you will LOVE the seventh installment of The Nate Temple Supernatural Thriller series. INTERVIEW WITH THE AUTHOR:

Q: So, what makes the Nate Temple series special?
A: I wanted to write a series of stories that mirrored the books I liked to read in my childhood. My top picks were usually urban fantasy, paranormal best sellers, and of course, books featuring your classic gritty, pulp-fiction heroes. Basically, anything with a lot of creepy crawly supernatural characters: mythical creatures, ancient heroes, super villains, and gods. You will find that my stories focus on the ancient myths, characters, and stories we all know, fear, and love. Then twist them up and toss them back like an empty beer can.

Q: What order should I read the books in?
A: I've written the series with the intent that they should be read in order to get the full effect of the bigger picture; however the stories can be read in any order if you are looking for a quick, fast-paced romp through Adrenaline-ville. I suggest the following sequence: Obsidian Son Blood Debts Fairy Tale – Prequel (FREE to email subscribers) Grimm Silver Tongue Beast Master Tiny Gods Wild Side

Q: So, why should readers give these books a try?
A: Because the Nate Temple series is a present day thrill-ride that takes no prisoners. Dragons, Angels, Demons, Greek Legends, Wizards, werewolves, and a whole slew of other supernatural "Freaks" abound in my stories. My books have hit the top ten bestsellers list on Kindle for Urban Fantasy and Paranormal. The plot twists and turns until the last page, and my twisted sense of humor will have you laughing out loud at things you really shouldn't be laughing at. I mean, the first chapter depicts the legendary Hercules playing Beer Pong against Nate! Come on!

Customer Reviews

Shayne always brings a fast-paced, action packed, plot twisting, roll on the floor laugh-fest to all his Nate Temple books and he has done it again! Taking Nate and friends into amazing and wild world of Fae is just another way Shayne shows that his imagination and creativity has no bounds! War, Gods, Fae, Shifters, Demigods, insane relatives and psychotic ex-girlfriends Nate and his friends have their work cut out for them in this book....I laughed. I cursed. I cried. I loved it!

Once again the magical mayhem in this book is very nearly non-stop. If you haven't already read the first six books in the Nate Temple series, you will want to do so before you get into this one; otherwise you will have a hard time figuring out what is going on. That's tough enough anyway. Over the last four books " maybe five " Nate has been pitted against more and more difficult magical foes. Each time it has seemed as if, once he has defeated this foe, the biggest source of his troubles will have been eliminated. Each time, it has turned out not to be the case. This time is no exception. At the end of the previous book, Tiny Gods, Nate's former

fiancée acquired the magical object she needed “the hand of a god, I think, to waken a minor god, and did just that. At the end of that book it appeared that the war that would ensue from that action would begin before the end of that day and things would be very bad for everyone when that happened. When we get to the beginning of Wild Side, it is ten months later, and the war hasn’t happened yet. But it is still expected any minute. Nate has gathered all his friends, and even most of his acquaintances at his home, Chateau Falco, where they are keeping an eye out for the worst. Nate’s spiritual brothers, the Four Horsemen of the Apocalypse, have turned him down when he asked for their help with the war. So, what’s a Wizard to do? Even Callie Penrose, from the companion Feathers and Fire series has come to help. But when it turns out that Nate’s next step is to visit the land of the Fae “again” he doesn’t take Callie. Instead, he takes Ashley the werewolf, Tory the beast master, Carl the Elder, and Sir Muffle Paws the cat. When they arrive in the land of the Fae all of them are different. Wilder. Especially Nate, who becomes a creature named Wylde, sort of a Fae caveman type. Their task there is evidently to incorporate their wild aspect with their regular selves to become stronger without totally giving in to anarchy. This is less of a thing for Carl (who actually seems to become a little more human) and Sir Muffle Paws (a furry warrior called Talon in his Fae form). But it is very important for Tory, Ashley, and Nate. They return to their normal world after maybe a day and a half in the land of the Fae, only to find that it has been seven weeks and the war has actually begun. And Nate is warned not to participate, except for some very specific targeted actions. Much of the point of the war is for his people to show they are competent to defend themselves without constant assistance from Nate, or they will be subjected to repeated attacks by the forces of “whatever. One of Nate’s tasks is to kill the Greek Goddess Indie awakened. I just want to state for the record that, as Greek deities go, I don’t consider Athena to be a minor deity. Just sayin’. The end is left a lot up in the air. People are missing. People who should have been more reasonable are tricked into not being reasonable. And an old enemy, long thought to be dead, reveals himself by betraying Nate and everybody. Maybe he is the source of all the trouble all along?

Well Mr Silvers...you really nailed this one. I think this book is one of the very best in the series. It wasn’t a roller coaster ride. It was a steady, unrelenting climb to the top....and that’s where it stayed. Other reviewers have discussed the plot nuances and are asking for more more more, or they have summarized your book in a few short paragraphs. I’ll stay away from that and say; to anyone who is at least familiar with Nathan Temple and his life...tuck your shirt in, tighten your belt, get some

munchies ready, get a favorite beverage and tell your family and friends that you need to be left alone for awhile. Then read Wild Side. The tone and tempo of this book seems darker than the others...not as much snark. I find that is a good thing. Dont get me wrong...Mr Silvers can and does paint some very humorous pictures in my mind during the book...a lot of them...it's what he does. All I can say is get the book and read it. If you're into magic and mayhem with a bunch of beautiful women and some really insane critters then this is for you.For those of you that have not read the Nate Temple series of books..I really really really envy the hell out of you. You should start at the beginning with Obsidian Son. If you're even reading these reviews it's evident that you're into the genre. Treat yourself to something really different. Treat yourself to open communication with the author; Shayne Silvers. Ask and he will answer, although his followers are getting so numerous that I suspect it's becoming a bit cumbersome for him. It may take awhile...but he'll answer. But most of all, prepare yourself for a darn good series of books that fall outside the norm. They build on each other. It's not a bunch of individual stories but there is a definite continuity to the series. Best advice I can give is start at the beginning and grow along with Nate Temple to the point where you will meet him in Wild Side. He's Wylde.

Absolute trip. Nate and some of the crew have a mission in the land of the Fae.Absolute chaos. Then they still have to go to war for a face-off with an awakened god.This installment feels like a departure into new ground for the series, while simultaneously fitting right in as part of the overall story arc. More mysteries are answered, while additional questions are unveiled.Laughter, tears, disbelief, and wows are in abundance. Upon completion, I felt like my chi's privates had been speedbaggged by a vertically-challenged fae. But somehow in a good way. How is that even possible?Wild Side in particular, and the Temple series in general, has no regard for pesky things like the reader's life or obligations. They continue to be impossible to put down. Take care of your duties first, because trying to stop reading part-way through may be physically painful. This is a triumphant return to the Templeverse.
