Met expectations.

Very useful. We are taking this trip in October. I will have a very good picture of the route and its sights before I arrive. It's small and sturdy enough to take on the bike as well. The maps are very well done and highly informative.

Haven't made the trip yet, but the book is definitely helping me to plan ahead. Maps are clear and detailed enough to help you know what to expect.

I am so happy that this guide is in English. It will be an essential guide book for me when I bicycle the Mosel River next month.
