Readings In Ancient Greek Philosophy: From Thales To Aristotle

Synopsis

Soon after its publication, *Readings in Ancient Greek Philosophy* was hailed as the favorite to become "the 'standard' text for survey courses in ancient philosophy."* More than twenty years later that prediction has been borne out: *Readings in Ancient Greek Philosophy* still stands as the leading anthology of its kind. It is now stronger than ever: The Fifth Edition of *Readings in Ancient Greek Philosophy* features a completely revised Aristotle unit, with new translations, as well as a newly revised glossary. The Plato unit offers new translations of the *Meno* and *Republic*. In the latter, indirect dialogue is cast into direct dialogue for greater readability. The Presocratics unit has been re-edited and streamlined, and the pages of every unit have been completely reset.* APA Newsletter for Teaching Philosophy
