Customer Reviews

I love OTH and this book helped me get some insight on the actors I loved from the beginning.

There were labels "Denver Public library" on the cover :/ I know it was a used object but I thought it was in better quality...

It was a really good book. I was shocked by the detail about each of the stars. I am really happy I bought it.

This book gives the reader a inside look into the interdynamics of the show. And how the actors on

the show come up with the depth of their characters.

send it to my teacher as a gift, arrive on time. Very well. very nice . This product is sleek, light, and extremely sharp! For what I paid, I thought this was going to be a Walt-Mart knock off quality bread product, but this thing has sliced through every bread I've thrown at it like butter! The handle is also really well designed and easy to get a good grip on, so getting nice, even, straight slices is really easy.

I like this one a lot as well! It's interesting because it tells about each person plus what they've done for their past projects.It shipped to me pretty fast too which was a plus!
