Age Range: 3 - 4 years

Grade Level: Preschool - 1

Customer Reviews

Brad Herzog's first job as a newspaper sports reporter allowed him to travel with the Cornell University football team. He has been writing about the game ever since. A past Grand Gold Medal Award winner from the Council for Advancement and Support of Education, Brad has written more than a dozen fiction and nonfiction children's books. Brad lives with his family on California's Monterey Peninsula.

Great little book! My 2 year old grandson practically has it memorized! He has me read it several times a day!

Completely agree w/ the reviewer who wrote that their are much better football concepts to rhyme about. I'm quite disappointed w/ the page for cheerleaders, so many other football concepts should have been incorporated into this book, not ridiculous info that adds no value to the game. Little Baseball is a good book for young children. Little Football is a let down, I'm considering sending it back.

Wish there was more to this book. It is more for a 1 year old to introduce them to sports.

Little baseball is brilliant, funny, and appealing. Little Football is not. It's just OK. Instead of choosing touchdown, field goal, or other fun football concepts, he chose to write poems about shoulder pads and goal posts? No thanks. Buy Little Baseball instead.

Our grandson who loves all games that include balls, loved this on his 2nd birthday.

My 20 month old son loves this book. I leave it in his crib with him and he looks through it before he falls asleep. The book is a sturdy board book. I plan to buy another for a nephew when he is born.

Bought this one and a few others in the series for my sons 1st birthday. They are a sturdy cardboard and have bright pictures just like the photos showed. He can drop them chew on them and they withstand the torture! Good product great price.

Another part of the series of sports books that was perfect for introducing football terms/equipment/rules to my 3 year old grandson!
