Elder Lich Saga: Awakening

Synopsis

After the death of his creator, in accordance to his master's last wish, an Elder Lich embarks on a journey to find his purpose in life. Along the way, he will have countless encounters, and he will meet numerous adversaries. Follow him on his journey to fulfill the last wish of his master. Follow him on his journey as he realizes that he is more than just a creature created to perish as a shield. This is the story of Jiablu, the strongest undead caster.

Customer Reviews

I liked the book, the concept was interesting... but I wanted to read more. I look forward to seeing more of your work.

I enjoyed this one, bit short, not complicated, no stupid plot and I did not have a reason to skip any pages... I simply enjoyed it from first to last page and that's why 5 stars..... I will buy sequel

I started reading this before I went to bed. Ending up reading the entire book before going to sleep. I can't wait to read the next one.

Great book! Lacking in character details but a pleasant read nonetheless

I will start out by saying that I didn't like this book when it first started out. I sorta hated the main character, I thought he was another overpowered monster who kills without remorse and at first it seems like that, but unlike many books like this, it seems that the character will be changing for the better (I think, I don't honestly know since as soon as he started changing the book ends). The main character in this book is an Elder Lich who trying to find the meaning to it's life through interaction with humans. Its similar to the Overlord light novels except instead of the creator being the main character, this book instead focus one of the monsters. Its sorta disappointing, at least to me, that as soon as things seems to be getting interesting and we get to see the main character more often (he really didn't play that big of a role in this book), the book just ends. I really hope the writer release the next book soon.

Ordered to learn its purpose, an all-powerful arrogant creature with no knowledge or experience with mortality, decides to take on a human form to fullfill its master commands. What follows is some over the top violence with some character development in what feels much like a Japanese light novel, especially in regards to the length, behavior, the setting and power grading of magic and monsters. The story does take the occassional side step to other characters, if only because the protagonist is mostly an observer and not a particular likable one at that. I am curious about the next part...

Interesting. There are very few books written from the POV of an undead(unless you count vampires, ugh), and it was refreshing to see the point of view from a lich. That said, not much happened in this book. It almost seemed kind of "slice-of-life", as an undead lich goes about the world to explore. I'm actually perfectly fine with that. He doesn't need to be a hero. But the book intersperses his POV with almost unnecessary chapters from different humans POV that didn't really add anything to the story. But oh well. I'll still buy the next book to find out what happens to our MC.

Was expecting a have decent book to hold my interest over while I await my other series I read but i

think I'm going to have to add this to my list of books to wait on . Great story, good characters especially jjablu, and several twists and turns. Book felt short though it may have been because I was so enticed with it I just speed through digesting it.
