Customer Reviews

I enjoyed reading and learning spanish today as I get to engage this book. This has the easiest way of learning how to speak and talk in spanish as good as a native can. I learned so much from this book and enjoyed the fun of knowing how to speak in this famous language. The basics are easy and got easier through the aide of this amazing book.

All the phrases that you need to chat with Spanish speaking PERSONS!!

This book has chapters on elementary numbers and how to ask about a one-night stand or dating. Worthless unless you have never learned the first 10 numbers in Spanish or want to go on a date or cheat in a Spanish-speaking country. Very disappointed. Save your money and look for another title for usable phrases in Spanish. Ugh.
