Customer Reviews

Arrived on time and as expected

It's a really helpful book! Well written, informative, a lot of insight about why the Atkins approach works and the FAQ are quite helpful. I read the book all the way through then made a decision to follow their approach.

Not very much information

this book is actually worthless!!! it has repetitive information and doesn't give tips on anything that is valuable to help when having problems with the weight loss. there are no rapid weight loss secrets revealed in here. Do not buy it.

Good tips to keep in mind if you're doing Atkins. Low carb living isn't easy, but knowing how to avoid some hidden pitfalls is helpful.
