## Synopsis

New York Times bestselling author, K.N. Lee presents the highly-anticipated sequel to Rise of the Flame. A curse. A plague. The last dragon. Lilae escaped slavery, only to find her body still bound to the Shadow Elf that cursed her, and her mind linked to the emperor that seduced her. With their hold on her, she risks slipping into a void that can destroy her and her bond with her greatest ally--the prince from her dreams. While Liam vows to protect Lilae and their world from a vengeful fallen god, Queen Aria does her best to preserve his kingdom for him, despite betrayal, political intrigue, and a plague. Lilae and Liam were born to be demi-gods in this epic fantasy, but even their powers aren't strong enough against a threat from another world that they never imagined intervening.

I really enjoyed reading this book. From the moment that I started reading till the second that I finished the last page, I was transported to another world and I could forget about the day to day routine of my regular days. It moved along at the perfect pace to be comfortable while reading, has awesome characters and a story that will not let you down. This has to be read, no doubt about it.

A perfectly written sequel! If you haven't read "Rise of the Flame" then I highly suggest you do so! It's hard for me to find a book that keeps my interest during the entire read but both books will have you craving more! Magic and adventure. Love and destiny. Torn between so many different things! For me there was the perfect amount of magic. Magic from the soul. If you like action, magic and a little romance then grab a copy! This is sure to hit your top favorite list! -Jenna

The war rages on as the chosen and their allies struggle against the forces of evil. Night of Storm picked up where Rise of Flame left off. We follow our fearless characters as they journey into new lands, gain new allies and face unimaginable danger. I loved the pace of the novel and how we got to see the story from all different sides with the multiple points of view. I can't wait to discover what happens next as things heat up and dangers lurk everywhere.

In Ellowen, anything is possible. Night of the Storm continues right where we left off in Rise of the Flame. If you have not read that first it is a must. Many of the Chosen are united, enemies are uncovered, and allies are found. This novel began with a bang through 2 words that set a fast, action pace: "She's gone". Emotions run high as the war rages on and lives are lost. This novel is rich with characters that play intricate roles in the ever surprising plot. The stories of each character were integrated well without confusion. The different viewpoints enabled me to envision how this war was affecting Ellowen as a whole. I was awed by the instant connection of Lilae and Liam even if I was rooting for someone else. I debated with myself about which traits I would want more. Accuracy and Evasion seem to win since I loved the fighting but it would be nice to have Creation and Mind Telling. I experienced so many emotions including sadness and surprise. I rooted during the battles and met relief. This novel is an amazing,

fantastical read. I encourage you to dive into this story. This was never my genre but after discovering it on Kindle Unlimited, I had to read the series. The book is a wonderful length. The visual map, realm summary, and cover were amazing. The only con I can say is that I read the book way too fast. The cliff hanger at the end makes it hard to wait until January, but I know that K.N. Lee will deliver once again a captivating read. Until then, I will read the Koa series again. I did receive an advanced copy in return for an honest review.

I received an ARC in exchange for my honest review. I actually couldn't wait to read this book, so I purchased it on before I was approved for an ARC. This story just keeps getting better. Lilae comes to understand her powers more and struggles with her developing feels. Liam seems to only get stronger and he is a great leader. I love Rowe and his deep, loyalty to Liam. We still do not know much about Rowe's power but I assume that will be unraveled for us in later books. It seems to me that in this book, the good get better and the bad get badder. New alliances are made and some broken. I truly have no idea where this series will end up but I am excited to continue on their adventure with them.

Lilae and Liam finally meet! Kaviem realizes that Lilae is not in love with him and that is heart breaking! I wanted to see a little more of Kaviem, but it was good to see her is not out of the story!! I'm sad that Sona seems completely evil, maybe she'll turn around. I'm very excited about the Seer and the Steel. There are many new characters and I cannot wait to learn more about them.

Oh where do I begin????!?!?! I don't like spoilers so I won't give anything away...but can I just say that I can't wait for the next book in the series? From romance to action to sorrow...its definitely a story that plays with your emotions (but in a good way). If you aren't sure about the series, trust me, you won't after reading just a few pages!!! So what are you waiting for???

A great sequel to Rise if The Flame. I enjoy the diverse supernatural beings and their stories in this series. This book had me on edge a few times and very eager to keep reading when I thought I was ready for a break. It has a lot of action and excitement. I am anxiously awaiting the 3rd installment!
