## Customer Reviews

This is kinda a calendar kinda not. It has the dates and weekdays at the bottom in a single line not like a whole space. So you can not write down any important dates, or times etc. I use a personal planner for school and dates and I also set reminders on my phone. So I really just wanted a calendar to make my wall where my desk it not so bare. It does provide with lots of posters though. I will provide pictures of what I mean with the dates and what not. USEFUL TIP: If purchasing this, consider getting a personal planner and/or using an app or a reminder.

Love the pictures. As for the calendar, I don't know what happened, but I totally missed something. This is not good for a calendar. Look carefully so you know what you are getting. I don't know if I can explain this but here it goes (it is weird)....It simply has the numbers for the month (1-30/31) and under each number what day of the week using only the first letter. Such as 1, and then under it W...meaning Wednesday the 1st. This is all written in a horizontal line at the bottom of the picture for that month. So the font type is like 14 or something. As a calendar, it is a one-star for me. Enjoyed the movie posters; they were great.

Beautiful Calender with nice quality pages. The only drawback, and I didn't notice it, is the actual calendar. It's teeny tiny and you just can't write any appointments on it.

Yup. just a bunch of posters. NOT a calendar. As the previous review indicated, no calendar boxes. I wish I had seen that review before I bought. That said, my daughter will probably love her gift since she wanted posters too. I will have to get her another calendar though.

The pictures are very good and it is the only reason I give it three stars. As far as a calendar it is not all that useful. The calendar part is very small and is not in your usual "calendar" format with squares for the dates. It is simply listed in a number line with days of the week. There is no room for writing anything on this calendar. It is best used for a monthly wall art.

Bought this for my daughter for Christmas and she loved it. She is a big Harry Potter Fan and I recall asking her if she was too old now for Harry Potter gifts since she is now 19 and she said she will Never be too Old for Harry Potter Gifts. and in Fact she expects Harry Potter Shot Glasses for her 21st birthday! If you have a Harry Potter Fan this is a great gift to get them!

I love the pictures, they are fantastic. I didn't realize that there weren't calendar days, like traditional boxes where you can write appointments and stuff. It just has a line at the bottom of the picture that has the day of the weeks above the numbered day. A disappointment for me, as I actually utilize my calendars.

This is NOT a calendar! Very disappointed. This ended up being a Santa Fail this year for my 12 yr old daughter. I didn't open it from the protective wrapper to look at it. Just a tiny printed calendar at the very bottom of the posters. Had to reorder. She wanted something she could write in the boxes on.
