Chesapeake Bay Retrievers, Decoys & Long Guns: Tales Of Carroll's Island Ducking Club

Synopsis

Carroll's Island is one of many places along the Chesapeake Bay where vibrant stories of dogs, decoys, guns and waterfowl resonate up from the shoreline. The stories from Carroll's Island Ducking Club, which was founded in the mid-nineteenth century, offer special insights about the Chesapeake Bay's waterfowling heritage. In this warm, informative book, C. John Sullivan Jr., one of the nation's leading decoy collectors and scholars, documents the development of the Chesapeake Bay retriever and how gunners once devised decoys and new firearms and enjoyed the bounty of the Chesapeake Bay. Eventually Carroll's Island Ducking Club would disappear, but its legacy can still be seen today in the role members played in establishing the Chesapeake Bay retriever as Maryland's state dog.

Not what I was hoping for. A very fact filled book but slow moving

I have a Chessie, so I can't get enough info ref Chessie's. Chessies are great dogs and I hunt mine, exactly what they were born to do.

Great book to learn about the old days, one of the greatest hunting dog breeds and get to appreciate some old wood decoys.

About a third of the book is devoted to the dog lineage, but it's really a good read on the shooting at Carroll Island.

very happy

Another great book of Waterfowl, Dog and Historical Duck hunting stories by C. John Sullivan

wouldn't buy again
