Catherine Rodgers is the author of DIY Nail Art and the creator of the popular nail art YouTube channel TotallyCoolNails. She's a self-taught nail art designer who loves coming up with unique and creative designs.

The colors and designs are very cute. Step-by-step it shows how to do nails. You could do cupcake nails, watermelon, or heart, flower, or panda nails. This book is wonderful. I'm into cute nails. I also got the other book for nails from this author, Catherine Rodgers. Those are cute too but seem somewhat more challenging, anyways, this one is for kids. Grrreat!!!!

I bought this for my daughter when she was 6 and her nails were a little too small for most of these designs at that age. There simply was not enough room on her nails to do the fun designs. It is now a year later and she has grown some and it is a little better. The book is well made with colorful step-by-step pictures that make it look so easy. I am excited to do this with my daughter when she is a little older and her nails are a little bigger!

good

The skills needed to do all the designs in this book seem repetitive, but still, it gives lots and lots of good ideas for designs to try. Easy to read, and easy to follow instructions. Tons of big, colorful pictures. I think my niece, who I gave it to, really likes it. I would recommend this.

Definitely a book of nail art for kids. Even the pictures are with kids (that part I thought was cool).

I bought this book for my 10 yr grand daughter. She loves it!!

Good book my 16 year old is having fun

The book is paperback and while it has some nice ideas, not quite worth the money
