## Customer Reviews

I am amazed - it's the only way possible to start off this review. This cookbook is delightful. It is full of beautiful pictures with vivid, bright colors and the recipes are varied, delicious sounding and

healthy. They are recipes that make you want to jump right into the Vegan lifestyle with both feet, because they sound so good. The vegan "lifestyle" is backed up by research as well as personal choice and responsibility. The writing is well done, fun and light, as a cookbook should be. I would give this cookbook 5 stars no matter what. So, know what makes me absolutely amazed? It was written by a 16 year old boy. That's what amazes me - his dedication, research, love of the Vegan lifestyle .... so very apparent page after page after page. This kid will go far and YOU don't want to miss out on this cookbook! It's a piece of art!
