The Miracle Morning: The Not-So-Obvious Secret Guaranteed To Transform Your Life (Before 8AM)

Synopsis

[A message from Robert Kiyosaki, bestselling author of 'Rich Dad, Poor Dad'] "Hal Elrod is a genius and his book The Miracle Morning has been magical in my life. "I have been in the human potential / personal development movement since 1973, when I did my first EST training and saw a whole new world of possibilities. Since then, I have studied religions, prayer, meditation, yoga, affirmation, visualization, and NLP (neuro-linguistic programming). I've walked on fire, and explored other unconventional philosophies, some too far out there to mention. "What Hal has done with his acronym SAVERS is taken the "best practices" developed over centuries of human consciousness development and condensed the "best of the best" into a daily morning ritual. A ritual that is now part of my day. "Many people do one of the SAVERS daily. For example, many people do the E, the exercise every morning. Others do S for silence or meditation, or S for scribing, journaling every morning. But until Hal packaged SAVERS, no one was doing all six ancient "best practices" every morning. "Miracle Morning is perfect for very busy, successful people. Going through SAVERS every morning is like pumping rocket fuel into my body, mind, and spirit before I start my day, every day. "As my rich dad often said, "I can always make another dollar, but I cannot make another day. " If you want to maximize every day of your life, read Miracle

Morning. "=====
What if you could miraculously wake up tomorrow and any or every area of your life was transformed? What would be different? Would you be happier? Healthier? More successful? In better shape? Would you have more energy? Less Stress? More Money? Better relationships? Which of your problems would be solved? What if I told you that there is a "not-so-obvious" secret that is guaranteed to transform any or literally every area of your life, faster than you ever thought possible? What if I told you it would only take 6 minutes a day? Enter The Miracle Morning. What's now being practiced by thousands of people around the world could perhaps be the simplest approach to creating the life you've always wanted. It's been right there in front of us, but this book has finally brought it to life. Are you ready? The next chapter of your life the most extraordinary life you've ever imagined is about to begin. YOU DESERVE AN EXTRAORDINARY LIFE. IT'S TIME TO WAKE UP TO YOUR FULL POTENTIAL

Customer Reviews

Excellent Book!!! I almost didn't get the book because I read the 1 star reviews and they said it was a simplistic redo of the same messages many others had done. Well, I am so happy I went ahead and bought it in spite of the negative reviews. As you can see I'm a 5 star for the book. I heard Hal Elrod on a webinar and was excited to read the book based upon his presentation, there were a lot of 5 star reviews and I decided to get it. After reading the book, I do not understand the negativity of the 1 star reviewers. Condensing important behaviors into actionable action steps is a good thing in my evaluation. Keeping it simple even better. I found it to be a very smooth transition into the new routine. Why the high rating from me? I am now exercising 6 days per week and enjoying it. To exercise has been on my goals list for five years and I just couldn't get back to it until I read Miracle Morning. I am also reading every morning and I learned a new technique for me that I include too. Some of the other things I was already doing, but the read provided reinforcement and encouragement to keep doing them. If you are into self improvement, life-long learning and actionable implementation steps, then get this book.

I have just finished my first week of doing TMM for five days in a row. I can't believe that I not only did it, but I'm expanding my goals to do it on weekends too now!!

I adore this book and the ideas it has gotten me to incorporate in my life. A few weeks ago I was exhausted in tears thinking I didn't have "me time". What time alone I had at the end of the day I just wasted watching tv. Now, I'm centered and rich with me time thanks to TMM. My mornings are completely changed now for my kids too; it's much calmer!! And nothing they do has changed; it's just me that has changed. I thought they caused the chaos, but maybe it was more fixable than I thought??!! I would have NEVER thought I was a morning person, but I guess maybe I am!!??? Who knew!??

First off, there are a lot of good ideas outlined in the book that I'm looking forward to implementing to improve my mornings and be as productive as I can possibly be. Why the two star rating then? Let me tell you. I was excited to read this book. More than excited really. I've been searching for tools that will help me become a more well-rounded, productive person, and this seemed like a great read. (Especially after reading the glowing reviews.) What I didn't expect, was to be bombarded by a book that is literally maybe 1/4 useful information and 3/4 infomercial. "Do you know how the Miracle Morning is going to change your life?" "Thousands of people have reached their potential after utilizing The Miracle Morning." "Like the Miracle Morning? May I suggest forwarding it to you friends, family, a stranger on the street?" What a huge disappointment. The "meat" of this book could've easily been summarized in 30-40 pages. How long is it you ask? 295 pages. There was so much fluff and shameless self-promotion that had the book not been downloaded on my iPad I would've thrown the physical copy away after ripping out the pages that were actually useful. There are lots of great ideas in this book, however, I will not be purchasing ANY of Hal's books in the future unless they're just that. A book filled with useful information, minus all of the extra added fluff.

"Whether you want to make significant improvements in just a few key areas, or you are ready for a major overhaul that will radically transform your entire life--so your current circumstances will soon become only a memory of what was--you've picked up the right book. You are about to begin a miraculous journey, using a simple, but revolutionary process that is guaranteed to transform any area of your life... all before 8:00 am." ~ Hal Elrod from The Miracle Morning
Hal Elrod is an inspiring guy. At 20 years old he was hit head on by a drunk driver. At 70 mph. (Ouch.) He was found dead. (Yikes.) After 6 minutes of that (near-)death experience, he spent several days in a coma and awoke to discover he had suffered brain damage and was told that he may never walk again. He

defied the odds and proved we're all capable of overcoming obstacles while creating the life of our dreams. (Amazing.) Years later, he found himself in a funk and discovered The Morning Miracle. And, here we are! One of my dear friends recommended this book and I'm glad he did. It's fantastic. If you've been looking to jump start your life--or just take it to the next level--there's no better place to start than by dialing in your morning routine and Hal is the perfect guide to help us discover the "not-so-obvious secrets" to rockin' it before 8:00 am! Hal does a really (!) good job of helping us architect our miracle mornings--whether that's a 6-minute plan to start or 60. The book is packed with Big Ideas: 1. Taking Life Head On - Is the only way to roll. 2. Writing a Good Story - Includes big challenges! 3. Why Mornings? - Because they're super important. 4. Life S.A.V.E.R.S. - Are miraculously awesome. 5. S Is for Silence - The secret sauce. To find 250+ more reviews visit <http://bit.ly/BrianReviews>
