awesome episode 2!!! Glad he has a bow now,. and it looks like there's a lot of possible stuff for the future. the red energy?? where'd the minecraft noobs come from? Will they be back? and that was some cool stuff about him learning the bow! can't wait til episode 3!

There are no spoilers in this review! I am a new reader of your series but I am grabbing every book you make and enjoying them all. I only wish that the books were a little bit longer but "a girl/guy can't get everything she/he wants (bonus, name who said that in what book in what series and I might mention you in my next review;) I would like no I insist that you might use me in a book but I'm not greedy (see previous quote) and I am very patient you can call me MasterMaker and I have a statue of liberty skin (note that isn't my real username because my real one has my name in it) thanks for reading! MasterMaker! I really am surprised that you are not a more popular book writer

My son can't get enough of these books! He reads them over and over again. He's very excited to now have his own Kindle Fire. One of the first things he wanted was these books on it for him. And I'm excited that I don't have to keep printing them for him! :)

So interesting and I only just started to read this series and I just love the passion for writing about Minecraft
