Customer Reviews

After reading the prequel, Evangalin then Evershade(book#1) and just finished Everfire(book#2) I am pleased and excited to get the 3rd book. This is a great Fairy series, not usually my favorite, but it is full of adventure, mystery and a little romance .I would recommend this book to anyone who enjoys reading a great story that has it all including plotting that brings suspense with excellent timing and characters whom you developed strong feelings for, both good and bad. I can't wait to start the next one!

The second one in the series. Found it hard to put down, waiting for Dylan to return. I was hoping for a bit more, but I am fortunate to have the series. Definitely, by the next book, or be ready to find yourself hanging at the end.

I thought the book was good. I like how it picked up where the first book left off. The story was easy to get into, but there were a few places that were hard to follow. It felt a bit like the author rushed through parts of the book. Like the weapons training. Readers never get the full picture of how well Shade has been trained. Also when Shade and her brother go to her grandmothers they mention that Shades brother is with her, and then hes just gone. There was no mention of him leaving at any point. It left me feeling like I skipped a few pages. It felt the same while she was being trained by her grandmother. The author jumped around too much during that scene. I didn't feel like there was enough information about what Shade was actually learning, or any idea of how long she was actually with her grandmother. I would have liked to see more done with that relationship. Other than that I feel like the series is worth reading, especially for the price. I'm looking forward to finding out where Shade's journey will end.

Alexia Purdy, is definitely on my list of favorite Authors!!When I read, I like details and I want to be able to visualize every bit of the surroundings and get a sense of the place it's set in. Alexia, creates a world that pulls you in and captivates you from beginning to end.... "Ilarial's face stared down into the fog as her eyes became a reflection of the mirror, becoming lost in the world she now seemed to walk in." This description of Ilarial staring into the looking glass, is very much the way I felt when I was reading. I became lost in the world created by, Alexia Purdy.I devoured Ever Shade,

Evangeline, and Ever fire. I could hardly wait for the third book, Ever Winter. I began reading her other series, Reign of Blood.

Fun series!

Loved it! The story continues to get even better. The details are so descriptive and amazing. It picks up not too long from the first book. Shade is growing as a character. She is learning more about her powers and becoming more confident and strong. She is also dealing with her feelings for the two men in her life. We learn more about her background and there are a lot of twists and turns. I could not put it down at times...that is until I had to, thanks to my 5 year-old ;)

An impulse purchase after getting the first book in a boxed set. Reads very well flows nicely from the first. Characters are well developed and story is woven well. Will be buying the rest of the series.

Continuation from book one. Very exciting and suspenseful. I think this author has it all going for her in her hit multi-book thrillers regarding a family of fire controlling witches and warlocks who's eldest sister is a strong fairy part human queen. She has more powers than anyone knows.
