Lois Gladys Leppard (1924-2008) worked in Federal Intelligence for thirteen years in various countries around the world before she settled in South Carolina. The stories of her own mother's childhood as an orphan in western North Carolina are the basis for many of the incidents incorporated in this series.

The Mandie collection has been around for years and it still is a great read for ages 9-14. These stories are set in the South at the turn of the century and Lois Gladys Leppard has done an

excellent job of introducing mystery and intrigue in a gentle yet interesting way. A refreshing read.

I ordered this Mandie collection for my 11 year old daughter who thoroughly enjoys them! Not only is there a continued exciting story but there is historical accuracy too, along with a moral lesson. The stories take place in the 1800s through the early 1900s. The Bible is quoted throughout and you watch as Mandie displays a very good Christian character by depending on her faith in Christ through very hard times and good times. My daughter is comfortable reading this series because it is not worldly and she can relate with Mandie in her faith in Christ.

my 11 y.o. daughter loves these books! I love that there are 5 books in one book!

This book is awesome! Great for kids who are just beginning to read long chapter books. It's filled with tragedy, adventure, & comedy. I would read the other two books first though, just to catch up. It also is good for school cause there's Cherokee kinpeople, and president McKinly. Also a Christian book. Thank you! -A HUGE Mandie fan! :)

My 10 yr old daughter loves this series. She has read three of them so far. She can't put the book down and usually finishes the whole collection in less than two weeks. We catch her reading with a flash light under her blankets when she's supposed to be sleeping.

It is nice to have these stories in one volume.

Excellent, wholesome read for all girls. It also can teach gratefulness for all the modern amenities we have today and learn how our ancestors used to live. A good, moral character.

The Mandie Series is an awesome collection of books, there is not one that we have read that has not held our attention and been hard to put down. I have been reading Mandie books with my daughter for several years, she loves them and they are suspenseful and interesting enough that I find myself getting hooked on them as well. I would recommend this series to children and parents alike, it fits many ages, 6 on up, my daughter is 13 and still loves them, I also love them as an adult.
