All I can say is wow! I totally love those creepy tv shows, where a paranormal ghost hunter is trying to prove whether a home or building is haunted. They get creepy but this book is creepier! Unexplained vanishings had me hooked and I couldn't put it down. Found has an amazing way with words, describing things perfectly. The stories are truly shocking and creepy and I definitely recommend,

The title explains the content of the book. It is a collection of unexplained deaths. Very intriguing to people who love a mystery.

This is a quick read with tremendous potential. I didn't find it as rewarding as I'd have liked, but I was still extremely interesting and thought provoking!

Totally disappointed in this book. I ordered it because it got a high rating, but I just didn't see what all the hype was about.

This book is not well-written at all. Stories are okay, but writing is sub par at best.

Another in fascinating and intriguing book by Steph Young. My go-to author for true accounts of the strange and unexplained. If you want true mysteries that are compelling, cryptic and addictive, this is the author for you! Missing people unexplained disappearances, people dying under very mysterious circumstances. This book is full of mysteries, and clues! Another great addition to my collection by Steph Young.

I truly cannot get enough of these books. Stephen is an excellent writer who truly goes in depth in regards to the characters, the scene, and he captures the moments perfectly. I'd be lying if I said I wasn't waiting for another book from Stephen. This is a breathtaking piece of work by an independent research Steph Young. The book touches a serious and emotional topic on mysterious deaths and disappearances of people. The book is

actually a collection of such mysterious disappearances. I liked the choice of words used by the author in the book. They clearly describe vividly the events, people and places in the story. The novel is full of suspense from cover to cover. The reader is eager to know what will happen next in the story. The book is a great way to spend your weekend indoors and enjoy reading the book while sipping your cup of coffee.
