Exterior Home Improvement Costs: The Practical Pricing Guide For Homeowners & Contractors

Synopsis

For contractors and do-it-yourselfers alike, this book features professional estimates for popular exterior remodeling and repair projects. RSMean's Exterior Home Improvement Costs includes more than 65 projects with complete, customizable cost breakdowns for doing the work with or without a contractor. You'll have access to current costs for your location on the most popular remodeling projects, including: Room additions, garages and sunrooms Decks, patios, porches and pergolas Landscaping, sprinkler systems and outdoor lighting Fences, walls, driveways and walkways New windows and doors Roofing, siding and painting Exterior Home Improvement Costs includes a description of what materials are needed, how much they will cost, and how long the work will take. You'll know what skills are required to do it yourself, and how much a contractor is likely to charge if you decide to use a professional. Find out which improvements have the best payback when it comes time to sell your house, and get expert tips on working with contractors and architects. Included with the book is a handy checklist to use when selecting your materials and comparing prices.

Customer Reviews

"An excellent reference for anyone considering even modest home improvements." -- The

Washington Post"For the avid do-it-yourselfer, the book is pure gold." -- The Family Handyman

--This text refers to an out of print or unavailable edition of this title.

Also look for Interior Home Improvement Costs published by R.S. Means Co., Inc., which includes kitchen and bathroom remodeling, attic and basement conversions, professional home offices, and more. --This text refers to an out of print or unavailable edition of this title.

Met my expectations

Wide range of projects with practical tips that let you know what to consider and what to expect in scope and price. Very helpful!

I really like the book and i woll probably buy again real soon and you have definitely foind a customer foe a long time to come

fast shipping good book

Very good book with actual price estimates from the people who know best, RS Means (we use their database at work (Facilities area) for estimating.

I saw this book in the store and decided to see if I could get it cheaper on . When I pulled up the page, the cover was the same as the one in the store. I didn't know it was an old eddition with outdated figures until it arrived in the mail. I went back to the page I bought it on and then noticed the disclaimer for the pictures being from the newer eddition. The newer book has different projects and more current prices.
