This appears to be following a similar "story" format to Harbingers which Myers contributed to where there are multiple authors who provide a different character's voice to the story. As I loved Harbingers (20 novella series) I'm keen to follow something similar. Eli is a teenager and is very special. Jesus-esque special. Is able to heal, see into the future, see alternative versions of the future and generally care for the broken, lost and unloved. We see evidence of all this in this novella plus we meet a bunch of other characters. I particularly like Maggie, who I presume takes after Mary Magdalene, as she was this mix of low self-esteem which led her being taken advantage of by blokes but also she had a certain discernment due to her willingness to observe and listen. It's a good start and I'm looking forward to the next one.

“What if Jesus were in High School today?” The Eli Diaries, Book One, explores this thought provoking question through an average looking sixteen-year-old named Eli Shepherd. Myers delivers brilliantly, without being trite or sappy. I love the story and can't wait for the next book!
