# Shakespeare Lexicon And Quotation Dictionary (Volume II, N-Z)

## Synopsis

In more than 300 years of Shakespearean scholarship, only one book, the famous Shakespeare Lexicon and Quotation Dictionary, has investigated the meaning of every word that Shakespeare wrote. The lifetime work of Professor Alexander Schmidt of K fnigsberg, this book has long been the indispensable companion for every person seriously interested in Shakespeare, Renaissance poetry and prose of any sort, or English literature. It is really two important books in one. Schmidt's set contains every single word that Shakespeare used, not simply words that have changed their meaning since the seventeenth century, but every word in all the accepted plays and the poems. Covering both quartos and folios, it carefully distinguishes between shades of meaning for each word and provides exact definitions, plus governing phrases and locations, down to the numbered line of the Cambridge edition of Shakespeare. There is no other word dictionary comparable to this work. Even more useful to the general reader, however, is the incredible wealth of exact quotations. Arranged under the words of the quotation itself (hence no need to consult confusing subject classifications) are more than 50,000 exact quotations. Each is precisely located, so that you can easily refer back to the plays or poems themselves, if you wish context. Other features helpful to the scholar are appendixes on basic grammatical observations, a glossary of provincialisms, a list of words and sentences taken from foreign languages, a list of words that form the latter part of word-combinations. This third edition features a supplement with new findings.

## Book Information

Paperback: 736 pages

Publisher: Dover Publications; 3rd Rev and Enl ed. edition (June 1, 1971)

Language: English

ISBN-10: 0486227278

ISBN-13: 978-0486227276

Product Dimensions: 6.5 x 1.4 x 9.2 inches

## Customer Reviews

this is a lexicon -- a dictionary including every word Shakespeare ever used; invaluable, as some of

the words are archaic and have no current meaning to us, while others have variable meanings that make them work on many levels in many different ways

Handy for looking up quotes one sees or hears. Most of the ones I've needed to look up are here.

Informative, concise!!!

I got this so my daughter could research a role in Romeo and Juliet. Unfortunately, the Kindle edition is very hard to use. The text is dumped into an ebook format without any apparent effort spent to take advantage of the format. Finding simple phrases can be very painful. The content is there and the content is extensive, but accessing it is almost not worth the effort.

A great help

Contains all of the expected information but it is not arranged in a way that makes it easy to locate specific quotations.

On time to set up for class, thank you.

I needed this for reenactment language practice. I look up the words from Shakespeares time and this is a golden nugget resource for me. Seller was great and got it to me in record time.
