# Formal Semantics: An Introduction (Cambridge Textbooks In Linguistics)

## Synopsis

This accessible introduction to formal, and especially Montague, semantics within a linguistic framework, presupposes no previous background in logic, but takes students step-by-step from simple predicate/argument structures and their interpretation to Montague's intentional logic.

## Book Information

Series: Cambridge Textbooks in Linguistics

Paperback: 364 pages

Publisher: Cambridge University Press; First Edition (US) First Printing edition (February 26, 1993)

Language: English

ISBN-10: 0521376106

Product Dimensions: 6 x 0.9 x 9 inches

Shipping Weight: 1.2 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 1 customer review

Best Sellers Rank: #530,047 in Books (See Top 100 in Books) #131 in [Books > Reference > Words, Language & Grammar > Semantics](#) #1395 in [Books > Textbooks > Humanities > Linguistics](#) #2259 in [Books > Politics & Social Sciences > Social Sciences > Linguistics](#)

## Customer Reviews

This accessible introduction to formal, and especially Montague, semantics within a linguistic framework, presupposes no previous background in logic, but takes students step-by-step from simple predicate/argument structures and their interpretation to Montague's intentional logic.

makes a very technical study accessible to novices like me. this book has helped me in my quest to understand how to analyze semantics and syntax. Particularly, the difficult ancient Greek and Hebrew of the Bible (like the book of Hebrews and James, in the New Testament, and the Hebrew poetry of Psalms and some of the prophets in the Old Testament). "To God's Word and to His Testimony, according to this Word shall they speak to those who have no light of dawn!" (Isaiah 8:20).
