The Inventors

Synopsis

He spent a great part of his time now in his workshop, making and grinding glasses. They were expensive and very difficult to prepare properly. Out of more than one hundred that he ground at first he found only ten that would show him the newly found moons of Jupiter. The object glasses were the more difficult, for it was this glass which had to bring to a focus as accurately as possible all the rays of light that passed into the telescope.

Book Information

File Size: 3553 KB

Print Length: 1216 pages

Simultaneous Device Usage: Unlimited

Publication Date: June 12, 2017

Sold by: Amazon Digital Services LLC

Language: English

ASIN: B071GNTFKS

Text-to-Speech: Enabled

X-Ray: Not Enabled

Word Wise: Enabled

Lending: Not Enabled

Screen Reader: Supported
