Since 2009, he has helped thousands of students prepare for the bar exam with his bar exam blogs, including Bar Exam Mind. He is the author of numerous books, including Bar Exam Basics and The Bar Exam Mind Bar Exam Journal.

Nice companion book with Bar Exam. This includes 4 of the journal topics mentioned in Bar Exam Journal, but it goes into greater detail about other things like affirmations and some other performance psychology concepts.

As someone with some understanding of psychology and the mind, this seems pretty hokey and like bull doody written by people who don't know what they are talking about. Spend time studying, not reading this.

Great to use with Bar Exam Mind.
