Cecilia Hae-Jin Lee was born in Seoul and is the author of several popular books including, Quick & Easy Mexican Cooking, Quick & Easy Korean Cooking, Eating Korean: From Barbeque to Kimchi, Recipes from My Home, and Frommer's Day by Day Seoul. She is also a conceptual and installation artist, a designer, an illustrator and a photographer. Her first and third language is Korean.

Having just moved to South Korea I needed a good travel reference with reliable information. Frommer's is by far the best go-to resource for finding the best of the best of South Korea. Easy to carry and written with Frommer's characteristic cogent clarity, this travel guide is something I can refer to in the months ahead as I acclimate to this amazing new country I now call home. I am extremely happy with this book!

The copy I have is from 2012 so a bit old but has been useful in planning out my up coming trip to S Korea

I used this together with Insight South Korea to plan my independent travel in Korea for a family wedding. The other book was much prettier, but this book had the necessary information for navigating our travels in Korea. I recommend it highly,

All travel books are useful it all depends on you process information. If I'm walking by foot, I purchase a city map and GPS fixes the directions for everything else.

Thought I was getting a newer version...

I bought 2 guides to South Korea. I have also done a lot of online research, so I can compare Frommer's guide to up-to-date online information. Frommer's Guide is accurate, and that is important. I believe that I can trust it to give me the info I need while I am traveling and may not have Internet access. But as far as recommendations on what to see, I much prefer the other guide,

which is more fun to read and gives me more useful advice on how to enjoy my trip. However, I will take Frommer's with me, because I know that finding information in Korea will be difficult because of the language gap.
