# CliffsQuickReview United States History II (Cliffs Quick Review (Paperback))

## Synopsis

CliffsQuickReview course guides cover the essentials of your toughest classes. Get a firm grip on core concepts and key material, and test your newfound knowledge with review questions. CliffsQuickReview U.S. History II continues from where CliffsQuickReview U.S. History I left off and provides you with an overview of United States history from the end of the Reconstruction to the late 1990s. You can use this in-depth reference as a supplement to your textbook and classroom lectures, or you can use it as an at-a-glance reference. As you work your way through this review, you'll be ready to tackle such concepts as The settling of the West and Industrialization The U.S. becomes a world power in World War I America in the 1920s and 1930s: From the Great Depression to Roosevelt's New Deal U.S. involvement in World War II and the start of the Cold War The turbulent 1960s: The Vietnam War The Nixon and Carter presidencies The U.S. since 1980 With titles available for all the most popular high school and college courses, CliffsQuickReview guides are a comprehensive resource that can help you get the best possible grades.

Abraham Hoffman received his PhD in History from UCLA and has done research in California and Western history.

I think this book did a great job for preparing me for the CLEP test. The only area I did not pay attention to and showed up a lot on the test was famous literature people like what are they famous for. The other thing that came up on the CLEP was a quote and "xxx" who most likely said that. One more thing that came up was political party beliefs except xxx. I read the book half the book in a week. The other half I read the night before. I skimmed over it before the test. Passed with a 56.

Great !

This was the best purchase I made in studying for the US History II CLEP exam. It's straightforward, streamlined, and not cluttered up with any extraneous details. Very helpful. (But next time I'm going to spring for one that is Prime-eligible -- I'm spoiled by constantly getting two-day delivery!)

I bought this book to brush up on American history before I took a standardized test and I was delighted with how interesting it was. I genuinely enjoyed reading this book. I'm actually tempted to buy US History 1 just to read it for myself. The book moved along at a good pace and brought up aspects of history that I never learned in school.

It is full of information that doesn't drag on like a history text book but has as much important information as one.

Good condition. As described.

Ok

I bought this book to prepare for taking this class. It is very educational and precise. You will like it
