Mexican style epitomizes the spirit of Mexico with its colorful pages and combinations. Bold and beautiful this book shows all that timidity in your surroundings can be boring. Give yourself a chance to bloom in your interior and exterior designs with this book.

Very good color to show that and style that is quintessentially Mexican. Nicely printed book as well. Will be a color reference for me.

while designing my home, I wanted ideas for the details like wall finishes, stairs, colors, etc. to get a real Mexican feel in architecture. It's all in the detail....
