Deliver Me From Temptation: An Introduction Of Terri Mosley

Synopsis

Terri Mosley resides at one of Philly's prominent churches, alongside Pastor Jerome Clark. Married to her former pimp, the prostitute-turned-Evangelist has a weakness when it comes to spending more time at the church than at home with her husband, Deacon Richard Mosley. While Terri is struggling to make her marriage a priority, her union to Richard caused tension between herself and her step-kids, following a dark secret that shadows over the happy couple. Even though she's already dealing with enough turmoil, Terri is being blackmailed and is forced to take a trip back home to Bristol to face family members she hasn't seen in over a decade. When things in her life start to happen unexpectedly, Terri is hell-bent on solving a mystery she thought was put to rest years ago. She is willing to commit every act of sin to satisfy her hidden desires and remains the Pastor's right-hand empress. But when Richard is tempted to fall back on his old tricks, Evangelist Terri may have to take a few steps back. Pastor Jerome Clark is a minister at St. Luke Church of Christ and has built a name for himself while trying to focus on his growing congregation. One thing that stands in his way of reaching the altitude of a world-renowned pastor is the temptation of the female flesh. Behind the black cassock clergy robe lies a sinner. On the other hand, First Lady Julia knows her husband all too well and delivers him the best gift that will change his life. Julia is saved but has a way of feeding her flesh. She has a hidden agenda that will explode at the biggest event held at St. Luke Church, leaving members of the congregation flabbergasted.

Customer Reviews

I knew from the beginning when the pastor (using this word lightly) said call him Jerome something was wrong. That's why God said some will say on that day Lord Lord didn't I do all these things in Your name and the Lord is going to say depart from me. This is why there is no power like it should be in our churches now SIN ...and to think this is really happening...SAD. the world doesn't respect when we say we are Christian because of all this bad carrying on....even in the church....wow and eye opener really made me think...help us Lord

Oh my, my, my! I can not believe this story. What an active imagination you have, at least I pray its just your imagination. I would hate to learn of these sort of things happening in today's churches. This book had me feeling some kind of way. I so wanted to sympathies with Terri when she was Maddie, but to learn that she introduced her sister to that cruel reality that she lived daily, I could find no sympathy. I also could harbor no resentment to her leaving to find her own peace. But to stand in front of a congregation of people and to direct them as to which way God would have them to go....I just do not understand. Especially if a person was not living a life, both publicly and privately appealing to God. But hey maybe I'm just old fashioned. Anyway, I would recommended this book to others, just not as a Christian novel.

I chose this book because of the title. It did not disappoint I loved the way the story unfolded. I could not put in down. It's one of those books you just can not put down. This was a very entertaining read. If Teri Mosley got this kind of introduction I can harley wait to to read her books!

This book was a thriller, it wasn't at all what I thought it was going to be. These characters were real pieces of work and had only a form of Godliness. My goodness it really was a heart breaking fictional, but what could really happen when sin is present. No wonder Almighty GOD will not tolerate sin,and will judge the church first HE can not give that to HIS Bride. SMH!

I can't wait for part two of this book. Every page had me more & more engaged. Really good book.

OMG!!!! When is part 2 coming out!! This book was off da hook!! I was hooked from the beginning to the end!. Keepem comin!

Great book I truly enjoyed reading this book I cldnt put it down except for when I was at work. I had read half of it before I went to work and finished it when I got off I read it in one day when and how soon will part two be out thank you for such a great read

After reading the last reviewer comment. I could tell she/he was used to a certain type of book(s). This book was great! If you read the opening page, the author clearly states this isn't your ordinary Christian book. The story line and plot had me all in. Terri, Jerome, Julia..all the characters took me by surprise. Terri was something else. They say karma has no address and it showed up right at her doorstep. At the end, she still didn't learn her lesson. I am interested in seeing how part 2 unfolds. The author is indeed an "author" and she did an amazing story in telling somewhat of what goes on in the church. Everyone is tempted in some form in life.
